REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

It has been another remarkable year at Loris Elementary! Recognition by the South Carolina Department of Education as a Palmetto Silver School for stellar student achievement on PASS testing and by the National Youth At Risk Council for closing the achievement gap affirms the quality of teaching and learning at Loris Elementary.

This year we continued our partnership with the Leadership and Learning Center whereby teachers received ongoing training and coaching in effective student data analysis. Ongoing professional development and training was provided in effective literacy and mathematics instruction. This training included model lessons, observations by consultants, collaboration with district learning specialists, coaching, constructive feedback, progress monitoring, and effective data analysis. Students in child development through fifth grade received systematic instruction via the Imagine It Reading and Everyday Mathematics programs. Loris Elementary students experienced exceptional growth this year on DIBELS and MAP testing. Significant gains in student achievement can be attributed to differentiated and individualized instruction in reading and math for every student. Intensive small group reading and math intervention was provided to students performing significantly below grade level. Over 250 students were successfully served through instruction via the following programs: Burst, Voyager, Language Exclamation, Kaleidoscope and Number Worlds.

Loris Elementary has proven to be a forerunner in instructional technology innovation. All students access Compass Odyssey, an online program that is differentiated for every student based on individual MAP results. Second grade and special education students participated in BrainWare Safari, which comprehensively develops 41 cognitive skills through online games of logic and cognitive reasoning. A 1:1 laptop program in 4th and 5th grades has proven highly successful. Loris Elementary was recognized nationally for technology innovation by being invited to participate in a Google+ Hangout with the White House. Students and teachers brought home 9 awards from this year's HCS Technology Fair including two out of three teacher awards and the award for Overall Elementary Best in Show!

We believe that the academic success of our students is dependent upon their belief that they can be successful and that it is the job of every staff member to provide support and encouragement towards that end. Students were rewarded through daily incentives, celebrations, and assemblies. We also implement a Lifeskill Leaders Program as well as partner with St. Stephens Episcopal Church and Kids Hope USA, which provide over 40 mentors for at-risk students. We were very proud of our participation in local charities and service learning projects including the United Way, March of Dimes, American Heart Association, Helping Hand, canned food drives and the Solid Waste Authority's Talking Trash Program. Over 400 students received weekend food supplies through the Caring for Kids Program.

Thank you for your continued support of Loris Elementary students, staff and programs!

Mark Porter, Principal
Neil Prince, School Improvement Council Chair
