Report of Principal and School Improvement Council

South Aiken High School once again experienced a positive school year in 2012 – 2013 because faculty and staff members, students, parents, and community members worked collaboratively to be successful. South Aiken was recognized by the State Department of Education for achieving Gold status on our State Report Card. South Aiken's absolute rating remained Excellent. South Aiken was recognized as the #7 High School in South Carolina by US News and World Report as well as in Newsweek Magazine's Top 2000 high schools in America.

Serving approximately 1525 students, South Aiken offers a diverse curriculum with an emphasis on preparation for college. About 70% of our graduates pursue some type of post-secondary education. Over 15% of our graduates choose to enter the workforce or the military upon graduation. This year South Aiken offered 16 AP course and won state awards for SAT/ACT averages above the state and national average.

In addition to offerings for the college-bound portion of our student body, South Aiken offers career and technical courses in several areas, including Business, Marketing, Broadcast Journalism, Health Science and Culinary Arts. Our local offerings are supplemented by those available to our students through the Aiken County Career and Technology Center. Our graduating class always includes multiple students who attain occupational 'completer status' in addition to their diploma.

Our student body participates actively in athletics and enjoys involvement in community programs. This year our NJROTC Academic team won several state competitions. The literary magazine, Calliope, was once again recognized nationally as one of the best literary magazines in the country. The DECA program had several state winners and one student who was selected to serve as state president. The academic team won the Aiken County championship for the third year in a row. Our service clubs completed hundreds of community service hours which culminated in five school teams participating in Relay for Life. Athletically, SAHS boy's and girl's soccer teams advanced deep into the playoffs. The baseball team advanced to the lower-state finals. The boy's golf team and boy's tennis team both won the 4A State championships. It was quite an exciting spring for South Aiken athletics.

The School Improvement Council met during the school year and provided input regarding strategic planning and parental involvement. The Council also coordinated and implemented a school beautification project for the front of the school to include new signage as well as an auditorium upgrade.

Mr. G. Bryan Skipper – Principal, Mrs. Nancy Vermilye – School Improvement Council Chairperson

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
