Report of Principal and School Improvement Council

The students of Calhoun Falls Charter School continue the pursuit of excellence in academics, athletics, and citizenship. This year CFCS was named a Palmetto Gold School and the top middle school in the Lakelands area, earning a Federal Accountability Score of 97.6 (A). Dual enrollment courses continue to be offered on the campus of CFCS for math, English, and Teacher Cadet. Class offerings were expanded through the South Carolina Virtual School program. New English and math remediation and enrichment programs were implemented for both high school and middle school students. All instruction throughout the school was data-driven and research-based. A school-wide mentoring program was expanded to assist at-risk students in the areas of behavior, academics, and attendance. For the fourth consecutive year, a CFCS student was named the "South Carolina Public Charter School Student of the Year." Four athletic teams advanced to the first/second rounds of the state play-offs. Over 100 students logged 4,893 hours of volunteer service within the school, community, and surrounding areas through the school's service learning program. Student organizations such as the FFA, Beta Club, and Service Learning Club sponsored several successful food and clothes drives, while other groups/individuals participated in fundraising events for Relay for Life and March of Dimes. At CFCS, we are proud of our accomplishments and excited about the future. With the continued support of parents and community, we will continue to be a "School of Excellence."

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
