## Report of Principal and School Improvement Council

Mayewood Middle School had a challenging 2012-2013 school year. We provided students with a safe and enriched environment where they were afforded the opportunity to achieve academic excellence. Our students had many opportunities to participate in academic and social endeavors where they could hone their skills and learn to become productive members of a global society. Our teachers focused on standard -driven instruction which afforded our students with the opportunity to become successful learners.

Academically, we continue to apply reform initiatives to foster improvement. We continue to implement MAP and Case 21 benchmark testing for all students. To obtain our academic goals, each classroom is equipped with the latest technology including promethean boards and laptops. IPODs are also available for teacher and student use. Mayewood conducted an Early Bird Program where students worked on both Math and ELA skills.

Some of this year's accomplishments included: twenty-three students inducted into the Junior BETA Club, one student winning first place in the SARC essay contest, twelve students named Greater Sumter Chamber of Commerce Golden Apple Awards Recipients, two students named Evening Optimist Club Awards Recipients, one staff member named SCACA Coach of the Year, 100% of the English I students passed the End-of-Course Exam and 94% of the Algebra I students passed the End-of -Course Exam. .

Our teachers continue to work diligently to meet the individual needs of our students. Teachers participated in several staff development opportunities during the year to ensure the academic and social needs of the students are being addressed. Our motto, "Quest for Excellence" has truly described our journey this year.

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
