## Report of Principal and School Improvement Council

Royal Live Oaks Academy of the Arts & Sciences Charter School has developed a sense of community within its student body in its first year. Students know that the school was started for them, which makes them feel special and valued. Parents are very involved and take an active role in our school. Students are involved in community-service projects, such as maintaining a Learning Garden, assisting in the clean-up of old school facilities, decreasing litter and the use of plastic bags through a fundraising project, collecting clothes and blankets and raising money and providing food for needy families, and helping to find problems within the community to solve as part of the curriculum. Many teachers with no prior experience in project-based learning have been able to fully implement discovery learning, in which students work across disciplines to learn by doing rather than just learning about a subject. Our use of paraprofessionals and reading/math specialists across all grade levels has assisted in differentiation and individualizing learning for students. MAP testing has allowed students, teachers, and parents to follow the students' progress and to determine adjustments to maximize students' academic success. A school-wide improvement plan was instituted based on the results of MAP testing. Use of software such as Pixton, iXL Math, and Study Island has contributed to expanding our students' critical reasoning and skill levels across disciplines.

MAP testing shows that a majority of our students came to us seriously below grade level and weak in reading, writing, and math skills. We began a school improvement plan as soon as we had the results of fall MAP tests and continued to make adjustments in the use of instructional resources and student intervention after spring MAP tests. In addition, the focus of the 24 days of teachers' professional development has been on effective strategies to improve student achievement. Although only 60 percent of the students in grades K-8 met their projected spring 2013 MAP growth goal, over 85 percent of the students grew from their fall 2012 MAP testing score to the spring 2013 MAP testing. We are hopeful that PASS scores will reflect the tremendous growth we have seen over the course of the school year.

The biggest challenges Royal Live Oaks has faced have been lack of funds and retention of staff. Two disgruntled former employees successfully caused under-currents among a number of staff members that has resulted in more turnover than we would have liked to see. Despite this fact, students have made gains in their learning. We have many dedicated employees who have risen to the challenge and have been flexible in helping to meet the needs of students. Further, since no district, state, or federal funds are provided for facilities and our school is based in a poor economic and an economically deprived area, key personnel divide their time between providing for instructional needs and fundraising. Delays in receiving Title 1 funds until late February also made it difficult to provide the technology and instructional resources that assist in the implementation of discovery learning. We are currently housed in eleven temporary modular units and are just beginning the process of renovating the run-down 78,000 sq. ft. school facilities on the 28-acre site where we are located. Despite these challenges, we have seen students grow academically and take ownership of their learning.

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child’s district or school.

<b>Overall Weighted Points Total</b>	<b>50.5</b>
<b>Overall Grade Conversion</b>	<b>F</b>

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

**Accountability Indicator for Title I Schools**

Royal Live Oaks Academy of the Arts & Sciences Charter School school has been designated as a:

- Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- Title I Priority School – one of the 5% lowest performing Title I schools.
- Title I School – does not qualify as Reward, Focus or Priority School.
- Non-Title I School – therefore the designations above are not applicable.
