Report of Principal and School Improvement Council

During the 2011-12 school year, Woodland Elementary School served 1148 students in grades pre-K through grade 5 from a variety of cultural backgrounds. Teachers worked diligently this year to provide learning experiences that engaged students in creative, rigorous, standards-based activities designed to help each child achieve to their highest potential. Several new initiatives were implemented this year to better address the learning needs of our students including the Fountas and Pinnell Balanced Literacy Approach, the adoption of a new math program, and implementation of district math benchmarks aligned with Common Core State Standards. In order to better meet the unique learning needs of our students, teachers and administrators regularly participated in staff development opportunities designed to support our school goals and more effectively support and enhance our instructional program. These trainings provided the framework for quality teaching and learning, leadership, and teamwork. Student progress was carefully monitored and analyzed throughout the year through ongoing data collection of common formative and summative assessments in reading and math and district benchmarks in each grade level. Analysis of the individual and class data on a regular basis helped identify areas of strength, areas needing more emphasis, and individuals needing more specific interventions. Throughout the year, students in every grade level participated in a variety of opportunities to learn about the principles of leadership. We believe that children who are allowed to be leaders learn to believe that they can be leaders and face their future more confidently. Each classroom and special area had a plan to provide specific opportunities for our children to develop their leadership skills. In addition to assuming leadership roles and fulfilling specific job tasks, our students learned about Dr. Stephen Covey's 7 Habits of Happy Kids. They were also engaged in a variety of service learning projects to learn that they can make a difference in their community. In addition, students at Woodland also learned to set goals and track and use data which is directly correlated to improving academic skills.

□

The combined efforts of our teachers, students, and parents resulted in recognition for our student achievement gains again this year. Woodland received an ESEA report card rating of 'A' and was awarded a Palmetto Gold award for general performance on PASS 2013. Additionally, MAP data (Measures of Academic Progress) also showed continued gains in the area of ELA and MATH; further affirmation of the hard work of our teachers, parents, and students. Looking forward, our challenge continues to be to more precisely identify and implement strategies to sustain our progress and meet individual needs as we move student achievement forward.

□

Parental and community involvement is crucial to our success. Our PTA and SIC (School Improvement Council) are involved in key ways at Woodland. Their financial support, commitment to volunteer hours, and creative problem-solving abilities, enables us to enjoy access to opportunities and resources that would not be possible otherwise. □

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	98.4
Overall Grade Conversion	A

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

Woodland Elementary School has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
