Report of Principal and School Improvement Council

West View Elementary School, located in Spartanburg School District Six, is one of nine elementary schools. Serving over 800 students in 4K through 5th grade, WVES continues to provide students with the positive, challenging and enriched learning opportunities needed to ensure success. This commitment is reflected in the positive growth and accomplishments reached during the 2013-2014 school year. West View received the Palmetto Gold Award for student performance and Palmetto Gold for closing the achievement gap. The school was also highlighted as one of 65 schools making the South Carolina State Superintendent’s list of “Education Superstars.” This honor comes from receiving double gold status and being recognized as a model for success. The South Carolina State Department of Education nominated West View for the National Blue Ribbon School of Excellence Award. The entire school community is proud of its accomplishments and for the recognition it has been afforded.

☐

The teachers and staff were committed to ongoing staff development to support new state standards and research-based practices. Year-long staff development at the district and school level was offered as teachers worked to develop lessons and assessments designed to meet the rigor of state standards. Teachers were challenged to examine their curricula and instruction and 1) make adjustments so that students achieve at higher levels and 2) to ensure students are on the pathway to college and career readiness. In addition, teachers and administrators completed the first class to obtain gifted certification as the school seeks to provide this endorsement to all classroom teachers. Professional growth at West View was developed to ensure that students received rigorous, consistent, high-quality instruction in every classroom, every day.

☐

☐

Teachers continued to use school data as an effective tool in preparing personal learning pathways for the success of all students. Instructional shifts took place within the classrooms as teachers assessed the needs of students through a variety of sources such as MAP, DIBELS, STAR, running records, curriculum based measures, and PASS. Such as assessments assisted with driving the instruction in the classroom and in meeting individual student needs.

☐

West View teachers and administrators actively engaged the community to create shared responsibility for student performance and development. Through Parent-Teacher Organization, School Improvement Council, and other organized committees, parents assisted with school-wide initiatives and programs that support student engagement and learning. Students were able to participate in programs designed to challenge or remediate competency levels, and they were encouraged to participate in school clubs. With over 20 club offerings, students were able to tap into their interests outside of the classroom. The school’s vision to foster and support students in developing their social, emotional, and academic well-being was supported once more and created another successful year for WVES wildcats.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	97.1
Overall Grade Conversion	A

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

West View Elementary School has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
