Report of Principal and School Improvement Council

The 2013-2014 year has been exciting for Jefferson Elementary School! We have worked diligently to “spark potential and inspire success” in our students as well as our faculty, staff and community. We are extremely proud to be a part of an Advanc-Ed accredited school system. York School District performs at or above the expected level on all standards. Jefferson Elementary received a letter grade of “C” for our test scores last year; which means we MET the state’s expectations for academic performance!

Jefferson Elementary School will continue to work with the community to provide a diverse, innovative education in a safe environment enabling students to become responsible citizens in a global society. Through our character education program, for instance, we stressed the qualities of good citizenship. Students received monthly instruction on character traits such as honesty, perseverance, respect and wisdom. They were also encouraged to participate in service-connected activities such as recycling paper and plastics, Pennies for PATH, Jump Rope for Heart, and Relay for Life. In addition, community members were involved with our students through the Lunch Buddies program. Area businesses allowed release time for employees to mentor children during the school year

This year, much of our concentration has been focused upon the new state academic standards and our new standards-based report card. During the 2014-2015 school year, Jefferson Elementary School will continue to target these areas. We will also promote college and career readiness for ALL students by maintaining the focus on the four district goals: (1) data-driven decision-making, (2) literacy across the curriculum, (3) extra time/extra help for students, and (4) using technology to enhance instruction. Our plan of action includes increasing the percentage of students meeting target growth on MAP, continuing to retool our curriculum and instruction to meet the rigor of the state academic standards, providing intervening services for struggling students especially those who cannot read and write on grade level, expanding the character education program, and promoting the continued use of technology to provide a quality curriculum, effective instruction, and challenging assessments of student learning.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	75.9
Overall Grade Conversion	C
