Printed versions are available from school districts upon request.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

It was an exciting year at Rosenwald for students and staff alike. The students experienced an array of educational opportunities including Common Core State Standards, new computerized software called Successmaker, a variety of school wide activities and a fieldtrips. The students were exposed to engaged reading and writing practices through our participation in the Literacy Matters Project. We continued with our instructional framework through TAP. We were awarded a SC Palmetto Gold Award for General Performance and a Silver Award for Closing the Achievement Gap.☒

☒ In our primary grades, students continued to explore and research using science topics. They became young experts on everything from dinosaurs to sharks. The 4K students read and captivated audiences while 5K were reading and writing in detail. The first graders read so much that they won the Darlington County Race Into Reading Contest and were rewarded with a day at the Darlington Raceway. The second graders participated in our professional development field study and gave us great insight into students' use of comprehension strategies.☒

☒ At the elementary grades, students demonstrated their abilities to read, write and compute at high levels. The students worked through projects to integrate science and social studies into their ELA classes. They learned to explain math and problem solve in multiple ways as well as how to research specific topics and share the information in a compelling, well organized presentation. ☒

☒ Our middle school students advanced their studies into more difficult literature, both fiction and nonfiction as well as explored a new level of mathematics using Common Core State Standards. The students continued the digital pen pal project with Middlebury College. In February, a select group of Middlebury Mentors visited our school for a week during which they worked with students, teachers and parents. They participated in all school events including afterschool tutoring, exploratory classes, basketball games, and a winter formal. The parents and community were invited in to question the mentors about their paths to college coming from underprivileged backgrounds during our Dinner and Panel Discussion.☒

☒ All of the students benefitted from experiences outside of our campus. Fieldtrips this year included a 3-5 trip to Charleston's Aquarium through a teacher awarded grant, a Good Behavior Trip to see Frozen, a primary trip to McLeod's Farm in McBee, a 5-8 trip to Duke University in North Carolina, a PASS incentive trip to several colleges and Frankie's Fun Park in Columbia and a K-4 grade trip to Riverbanks Zoo. The students were exposed to Japanese culture when everyone enjoyed fine dining at Miyabi's Steakhouse while in Columbia. Seventh and Eighth grade high performing students experienced the Levine Museum in Charlotte. The school staff and parent body ensured these fieldtrips were open to all eligible students through donations and fundraisers.☒

☒ Our staff continued to grow professionally through embedded professional development as well as opportunities outside the campus. Teachers participated in the teacher training at the Charleston Aquarium, State Department of Education workshops, and district level workshops. We continued to hold cluster meetings but worked to develop deeper understanding of student performance levels and how to address their needs
