Report of Principal and School Improvement Council

The faculty, staff, students, and community partners of Burke Middle High School had a very successful year of academics, arts, and athletics. This school's community has been very supportive of the efforts and dedication of our students and educators. As a result of the hard work and unflinching efforts of all, two accomplishments were celebrated throughout the year, which were firsts for both academic programs -- middle and high schools.

■

In November, the State Department of Education announced through the 2013 school report card that Burke Middle School earned an Absolute rating of Below Average and a Growth rating of Good; this was a first in the history of the middle grades program at Burke. Another first since the inception of the current accountability system, Burke High School earned an Average rating, and a Growth rating of Excellent. This was electrifying fuel for the positive academic climate we experienced throughout the academic year. With this improvement and our continuous efforts, we are headed to accomplishing the goals our Superintendent has set in CCSD's Vision 2016. Many of our students have participated in extended learning hours beyond the regular school day as well as Saturday sessions. Our students are assigned to these learning times based upon current data that identifies their specific needs. With these efforts our students are continuing to climb the ladder of academic success.

■

The Burke Arts Department continued to wave a flame of excellence through many wonderful performances that highlighted the talents of our Fine Arts Department. With productions that combined theater, instrumental, and visual arts, our teachers and many volunteers worked to provide the very best to exemplify that which we can do to provide top-notch entertainment to the human heart.

■

In addition to the academic and arts accomplishments, the Burke Bulldog athletes did not disappoint but proved to uphold the true tenacious spirit of the great Burke tradition. The young people who participated in our many sporting events are commended for their untiring efforts to perform on the courts, fields and tracks. This year, Burke has the privilege to be the home of the National and State Champion for Girls Track and Field. This is an honor that the school holds with tremendous pride and acknowledges this is another example of the great opportunities abounding for all scholars who are committed to personal excellence.

■

The Burke community is pleased to have this chance to share this information with you. We are looking forward to another successful year of exemplifying our standard of excellence.

■

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	45.8
Overall Grade Conversion	F

70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.
