## Report of Principal and School Improvement Council

During the 2013-2014 school year, Alston Middle School focused on accomplishing two main objectives: first, improving our school's programs and instructional practices with the goal of helping all students obtain the 21st century skills needed to become college and career ready; second, deepening our commitment to be a community school.☐

Our staff and stakeholders focused on instructional programs and practices which directly assist students to become college and career ready. Boeing, the University of South Carolina, and AMS cooperated to establish a new pre-engineering program, Gateway to Technology (GTT). Chick-fil-A partnered with our special education program to establish a real-world employment opportunity for our students with special needs. Google offered an after-school program to teach students how to program computers and write applications for a variety of devices. Additionally, our PTSA donated over \$1750 to teachers to support instruction in the classroom.☐

Next, our stakeholders rallied to provide our students with the social and emotional supports necessary to be successful socially and academically. AMS partnered with the Boeing/MUSC Health and Wellness program with the goal of creating new practices and policies that will improve the overall health and well-being of students and faculty while at school. Numerous volunteer coaches and staff members volunteered countless hours supporting our athletic teams. All of our teams demonstrated excellent sportsmanship and determination throughout the entire athletic season. Our boys' football and basketball teams each made it to the final playoffs, and our boys' wrestling team ended the season as undefeated champions!☐

Lastly, AMS made a concerted effort to give back to our community. Our faculty raised over \$1400 for the United Way. Students provided the local community two opportunities to enjoy fine arts performances, with the musical "Aladdin" and a haunted house tribute to Shakespeare. AMS participated in community events such as the Susan G. Komen Race for the Cure, Summerville Farmers' Market, Miracle League, and Relay for Life.

As we look to the future, AMS is prepared to take on the challenges that a new state testing system and the transition to more rigorous learning standards will bring. We embrace the need to develop a curriculum and core set of instructional strategies that will prepare students to be both college and career ready as well as provide them with the life skills necessary to be productive citizens in the 21st century.☐

In summary, we take exceptional pride in the diversity of the programs we offer, in the quality of our teachers, and in the participation of our parents and community members. We know and understand that involvement and support from our families, students, and community stakeholders are essential to our success. The 2014-2015 school year promises to be one of continued growth and success. ☐

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>83.9</b>
<b>Overall Grade Conversion</b>	<b>B</b>

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

**Accountability Indicator (Title I Schools)**

Alston Middle School has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
