Report of Principal and School Improvement Council

Dear Parents/Guardians and Supporters of Long Cane Primary,

Dear Parent/ Guardian,

?

The 2013 – 2014 school year has been an exciting and educational year. The faculty and staff have been working exceptionally hard to help every child exceed his/her potential. Throughout the implementation phase of the South Carolina Common Core State Standards, our teachers would meet and plan together to ensure that each standard was incorporated into the instructional day. Our teachers also meet on a regular basis to review each child's performance and utilize the trends within the school's data to help prepare each student for the next grade level. The Long Cane Primary Faculty and Staff have made a committed effort to infuse reading skills in all subject areas and provide time to further enrich and enhance each child's Language Arts experience. In conjunction with focusing on academics, Long Cane Primary has established a very positive character education program to help our students become well rounded children. Everyone's goal is to have each individual child do his/her best. ?

?

On behalf of Long Cane Primary, I would like to thank all of our parents, school volunteers, SIC and PTO members. In order for each child to have the opportunity to succeed, the community, school, teachers, students, and parents must continue to make the commitment to work together. ?

?

As we prepare to move into the 2014 – 2015 school year, we will continue to focus on providing your child with the best possible standards - driven education in a safe and nurturing environment. ?

?

Thank you for all of your help and support.?

?

Charles A. Costner, Ph.D. ?

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	99.3
Overall Grade Conversion	A

90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.
