

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our district is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

"We must prepare children for their future, not our past," is an oft heard quote in the Darlington County School District (DCSD). We believe in challenging our students and pushing their boundaries through classroom and life experiences, rigorous standards, and innovative teaching. The DCSD is a countywide district serving more than 10,200 students in 23 schools. All schools and the district are fully accredited on the state and national level by the Southern Association of Colleges & Schools/AdvancED and the SC Department of Education. Our District provides challenging educational experiences for all children. In addition to regular classes, DCSD offers elementary and middle school magnet programs in the arts, sciences, mathematics & technology. Three high schools offer academic magnet programs, including an International Baccalaureate School, an early college degree program, and a top-ranked STEM school. Our district has established a one-of-a-kind public-private partnership with Sonoco, Coker College, Yale University and the SC Governor's School for Science & Mathematics to offer Hartsville students advanced and college-level arts and sciences courses, as well as the Comer School Development Program to build strong parent-school-community relationships to foster enhanced learning opportunities. For students who struggle academically, our district offers interventionists and computer-assisted learning. We believe that exceptional educators are the key to a student's success. Our employees are dedicated and committed to providing our students with rigorous lessons in nurturing environments. Our district supports a comprehensive program of professional development, including an on-demand, online professional development program customized to each teacher's individual needs. Teachers also regularly collaborate across school and city lines to provide all students with the best education possible. Darlington County School District is committed to providing a technology-rich education by providing a fully wired educational environment. All core curriculum teachers have laptop computers and document cameras. The iTel (Interactive Technology for Every Learner) Program allows teachers to implement personal learning systems for our students and moves us closer to our goal of full digital convergence. Our new robotics programs enhance STEM offerings at every level while providing students with new ways to explore science, math, technology and engineering. Our district also offers computer-based programs to evaluate and differentiate instruction, online coursework, and/or online credit-recovery tools for our students. Outside the classroom, opportunities abound for our students to play a role in our greater community. Our schools emphasize character education, creativity, innovation, and problem solving through special interest clubs and partnerships with outside charities. In the Darlington County School District, we strive to build a world-class school district by focusing on every child, every day. Dr. Eddie Ingram, Superintendent

KNOWLEDGE

ACT WorkKeys is a job skills assessment system measuring "real world" skills that employers believe are critical in the workplace. The assessment is given to every South Carolina 11th grader with the exception of those eligible for alternative assessments. The assessment consists of three subtests: Applied Mathematics, Reading for Information, and Locating Information. Students can earn certificates at the Platinum, Gold, Silver, and Bronze level on WorkKeys assessments.
