# South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Our district is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by offering a wide variety of rigorous academic and vocational courses.

Hampton One is one of the few Districts in South Carolina in which every school is a TAP (Teacher Advancement Program) school. This rigorous professional development ensures that all our teachers are continually improving their skills and abilities to provide the best instruction possible.

Hampton One continues to take pride in fulfilling our commitment to "Excellence in academics, athletics, and the arts." 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.

Besides a wide array of academic courses, we have competitive athletic programs as well as offering band, chorus and graphic arts instruction throughout our district.

Career counseling and programs such as ROTC and Jobs for America's Graduates help students develop skills to make appropriate life and career choices.

We have accomplished a great deal by working together as a team focusing on our primary goal of improving student achievement. We wish to thank our community for your continued support and our Board of Trustees for their outstanding leadership.
