South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

John C. Calhoun Elementary School continues to be a success. Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by providing a comprehensive and challenging academic pathway in the area of Reading. We incorporate the SRA Reading program in grades K-2; students were tested and placed in a group with students of similar reading ability in first and second grade. Students are allowed to move to higher groups as they progress. The assessment component of our plan uses DIBELS to monitor the reading progress of students who are having difficulty all during the year. DIBELS is also used for benchmark testing three times during the year to see if students are progressing in line with national norms. The district plan calls for a district benchmark test to be given to students after each quarter to see how they are progressing with district and state standards. All of this information will provide a better idea of how students are performing and how best to meet their needs. The school's efforts allowed it to maintain its Absolute Rating of 'Excellent' and a Growth Rating of 'Good' on the 2014 Annual School Report Card. This continued excellence qualified JCCE to receive a Palmetto Gold in the area of "Student Achievement." We were also encouraged by this year's MAP scores. MAP testing is administered once in the fall, once in the winter, in the spring, and immediately after PASS. MAP is a way of gauging academic growth and projecting where students will perform on the Aspire and PASS test. All students at JCCE showed growth according to their MAP scores. Translating the scores into their PASS equivalents allows us to compare the past scores from PASS to how they performed this year on MAP. JCCE also continues the use of our Data Room in the school. Each student in the school is tracked based on their MAP, CAI, DIBELS and other data sources to help identify students who are weak in certain areas. The discipline component of our plan calls for targeting the repeat offenders, students who are in the yellow and red zones, in an effort to continue to reduce the number of office referrals. Character Education will continue to be an important part of John C. Calhoun Elementary School's curriculum.
