South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Dear Parents, Guardians, Faculty, Administrators and Community Members,

We, the School Improvement Council (SIC) of HHIES, invite each one of you to join our circle of parents, teachers, administrators and volunteers. Our SIC, like all others in South Carolina, meets monthly to discuss the current events of our school and our district. We provide a voice for our International Baccalaureate school. We are very fortunate to be able to offer the IB program to our young learners. From initial authorization in 2001, Hilton Head Island Elementary has maintained this reputation in our community. Students are challenged by a highly trained and dedicated faculty with stringent curriculum, they benefit from active parents and a strong supportive community. High expectations are the standard and the results have been impressive.

The staff works tirelessly to help students achieve success. Our report card reflects the impressive strides our students have made in both the absolute rating and the overall growth rating. The students continue to show a high attendance rate (greater than 96%) and have outperformed many of the district and state averages in PASS testing. These results reveal the importance of shared responsibility between involved parents, talented teachers and an administration who believes that all children can learn.

An example of increased academic offerings has been the promotion of our second language program. Consistent with the International Baccalaureate guidelines, each student currently benefits from daily Spanish instruction. The Chinese Immersion program will continue into the fifth grade and dual language Spanish classes have now been implemented through grade 4. The goal of this program is to develop students who are internationally minded and prepared to compete in this global economy.

Each year, SIC goals are set. Our goal has been focused on increased volunteerism. We have evaluated our communication and have increased opportunities for volunteerism. We believe the success of our school is a direct result of the power of the International Baccalaureate framework, the strength of our curriculum, and the commitment of our students, teachers, administration, parents and community leaders. In our role, the SIC is committed to the improvement of the school, its achievement, and the development of strategies to enhance the well-being of our students.

Together, with the support of the school administration, parents, teaching staff and community leaders, we will continue to work to enhance the learning environment and
