South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Sanders-Clyde Elementary/Middle School is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by focusing on arts integration with a partnership with the highly celebrated artist, Mr. Jonathan Green. This approach to teaching and learning involves using various forms of the arts to teach South Carolina Curriculum Standards. The mission of Sanders-Clyde is to prepare ALL scholars to enter and succeed in college through EFFORT, ACHIEVEMENT, and the CONTENT OF THEIR CHARACTER.

Our school boasts a dedicated and committed faculty and a safe, nurturing child-centered environment in which to educate all children. We have supportive parents, strong mentor and volunteer programs, and outstanding community support.

We are making progress in raising our academic achievement by using instructional techniques that are best practices, honoring instructional time, involving students as well as parents in the learning process, and providing staff development that is meaningful in enhancing the school's academic growth. We operated as an Expanded Learning site, which allowed our students to receive enrichment activities at the end of their school day. Our goal is to continue to improve the number of students who meet and exceed state standards in all academic subject areas.

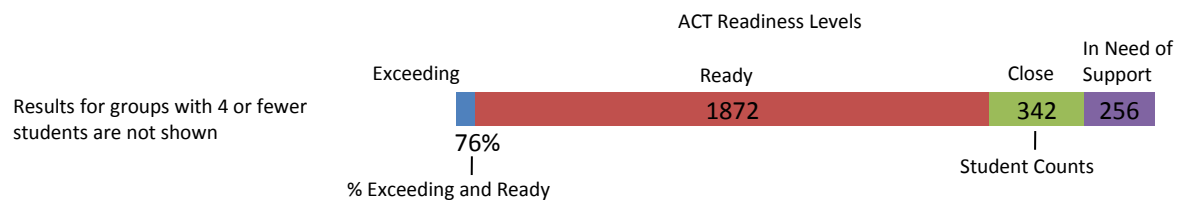

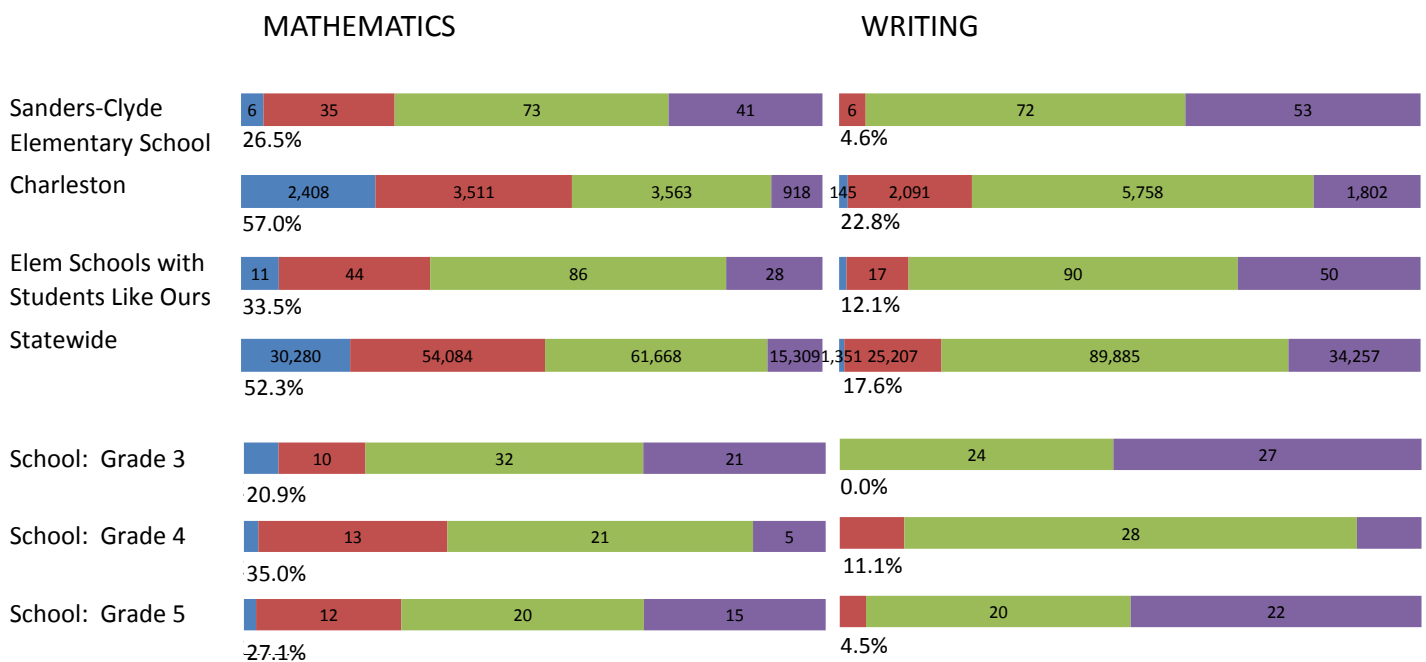

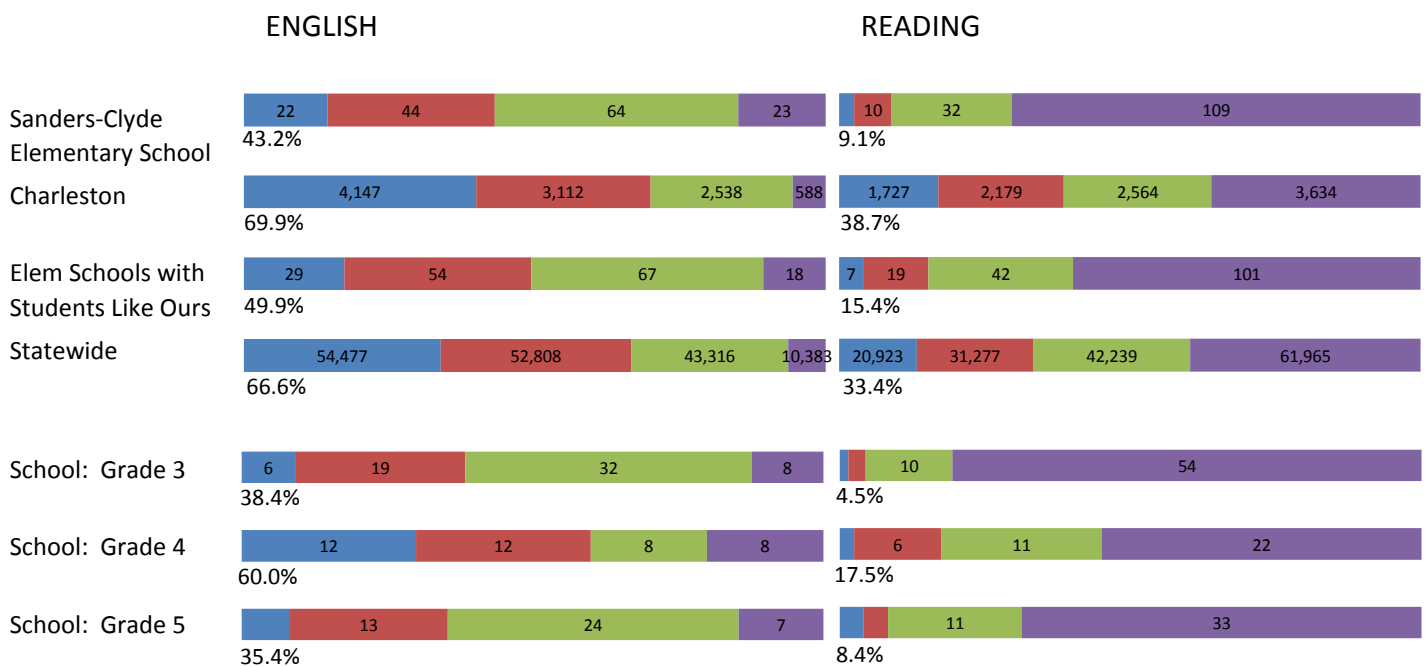

Our greatest challenge has been closing the gap between elementary and middle student achievement. In order to meet this challenge, our teachers have had consistent training in data usage and analysis to make instructional decisions. We will continue to use school-wide norming data, MAP data, PASS/ACT Aspire results, and quarterly benchmark results to include Fountas & Pinnell, and AIMSWeb screening data to improve classroom instruction.

Sanders-Clyde continues a partnership agreement with the Charleston Promise Neighborhood for professional development. Our continued focus will be on decreasing the number of students scoring below proficient while at the same time increasing the numbers scoring at or above the proficient level. We plan to accomplish this through increasing parental involvement, improving student and teacher attendance, and continuing to increase the rigor of instruction.

Jermaine Joyner, Interim Principal
Octavia Ford, SIC Chair
