

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Charleston Development Academy Charter School (CDA) is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate through an educational approach that encourages students to think, to excel, and to problem solve. Students needing interventions or specific programs are gently guided by CDA educators. In guiding the student, the educator presents the curriculum in a way that best responds to the student's individual and diverse learning style. Rigorous curricular and co-curricular initiatives such as arts integration strengthen overall student literacy competencies and learning outcomes. Therefore, the CDA learning community challenges and supports the child to attain achievement and success in all academic and personal areas of development.

In our mission to educate the whole child, a strong presence of fine art experiences round out our educational offerings during the school day and in an afterschool format. Through collaborations with community art agencies, museums, and a variety of service organizations, we are able to extend learning opportunities that strengthen our connections with the school culture and the Greater Charleston area.

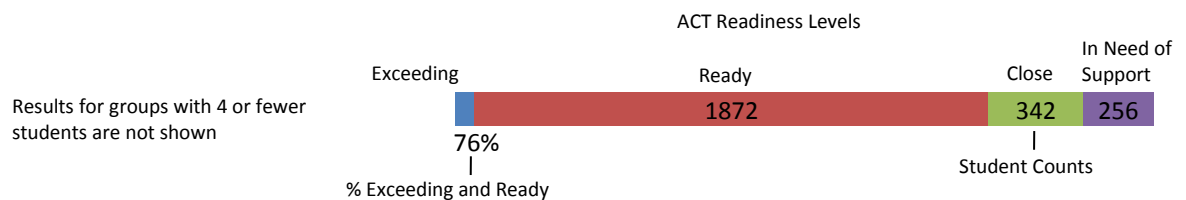

We remain "An Intellect Construction Enterprise; Developing Minds, Building Character, Engineering Futures" where excellence is a standard expectation and where standards are expected to be excellent.

Shawn Johnson, School Director
