South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

At Rosenwald, we are helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by teaching collaboration, problem solving and giving numerous opportunities to make presentations of research and ideas. Students benefited from engaged reading in each subject and individual feedback on their reading and writing practices. We embedded the reading and writing in each curriculum. We have focused on integrating social studies and science content into our reading and provided more rigorous instruction in those areas.

The middle school students continued the digital pen pal project with Middlebury College which culminated in February with a select group of Middlebury Mentors visiting our school for a week. During the visit they interacted with students, teachers and parents to support our students as well as learn about the culture of our communities. They participated in all school events including afterschool tutoring, exploratory classes, basketball games, and a winter formal. The parents and community were invited in to question the mentors about their paths to college coming from underprivileged backgrounds during our Dinner and Panel Discussion.

In line with our vision for experiential learning, students produced two musicals this year, Toys in December and Bugz in March. Additionally, our students in 4K-5 attended a variety of fieldtrips including visits to the town library, Riverbanks Zoo, Ripley's Aquarium, and the circus. The upper grade outings included a college visit to Benedict and Frankie's Fun Park and for select sixth graders, the Pee Dee Education Center for Science Day.

Our staff continued to grow professionally through embedded professional development as well as opportunities outside the campus. Students used a strategy called MAAM to construct responses to short answer questions in all disciplines.

This year our theme was "REMS Rocks the Best!" The whole faculty and student body really embraced this idea and it was common to hear "You Rock" not only teacher-to-student and student-to-student, but also student-to-teacher when accomplishments were made. Students who displayed outstanding behavior, based on our school wide PBIS management system, visited Kalmia Gardens and had breakfast at Shoney's.

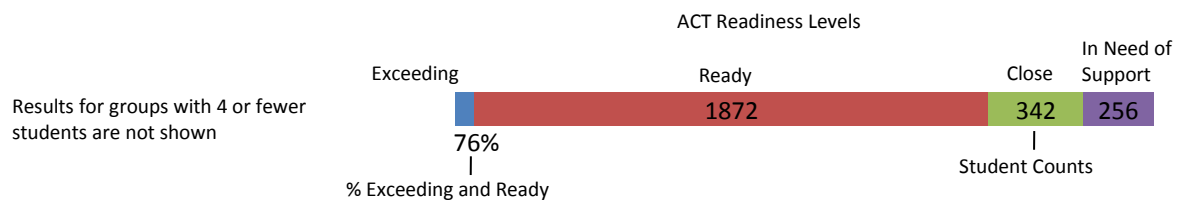

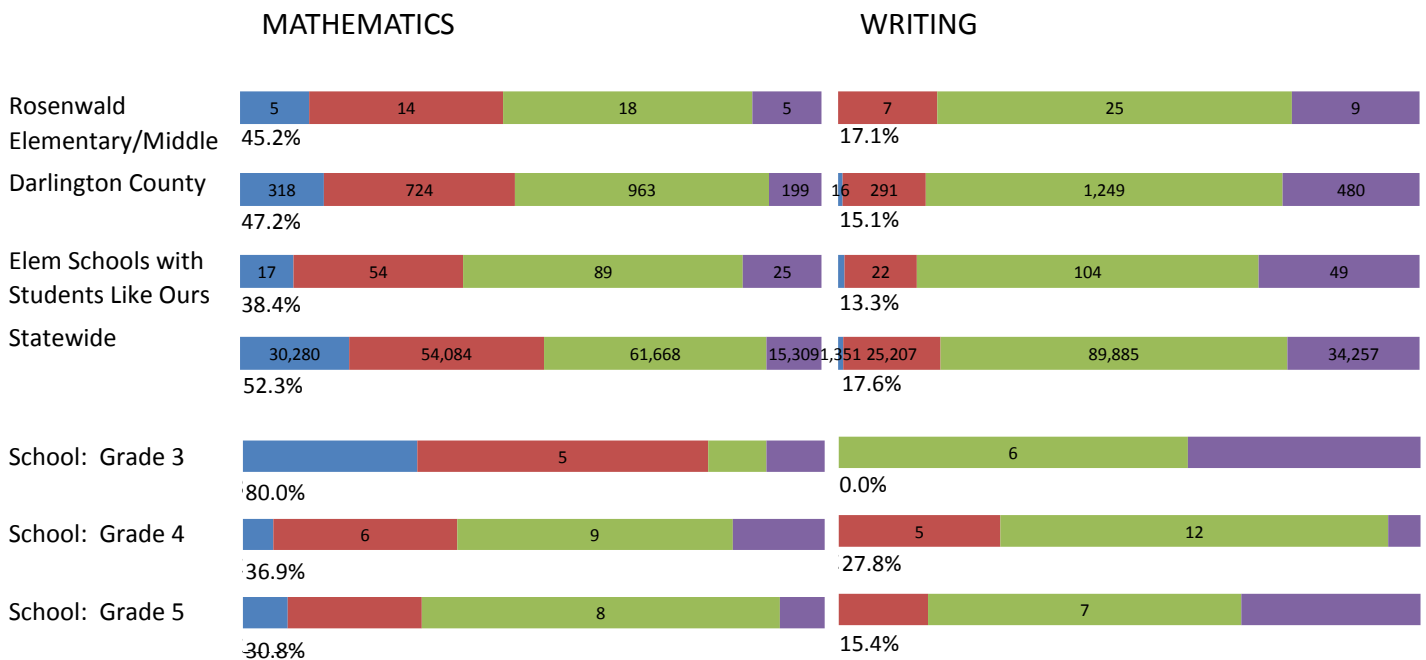

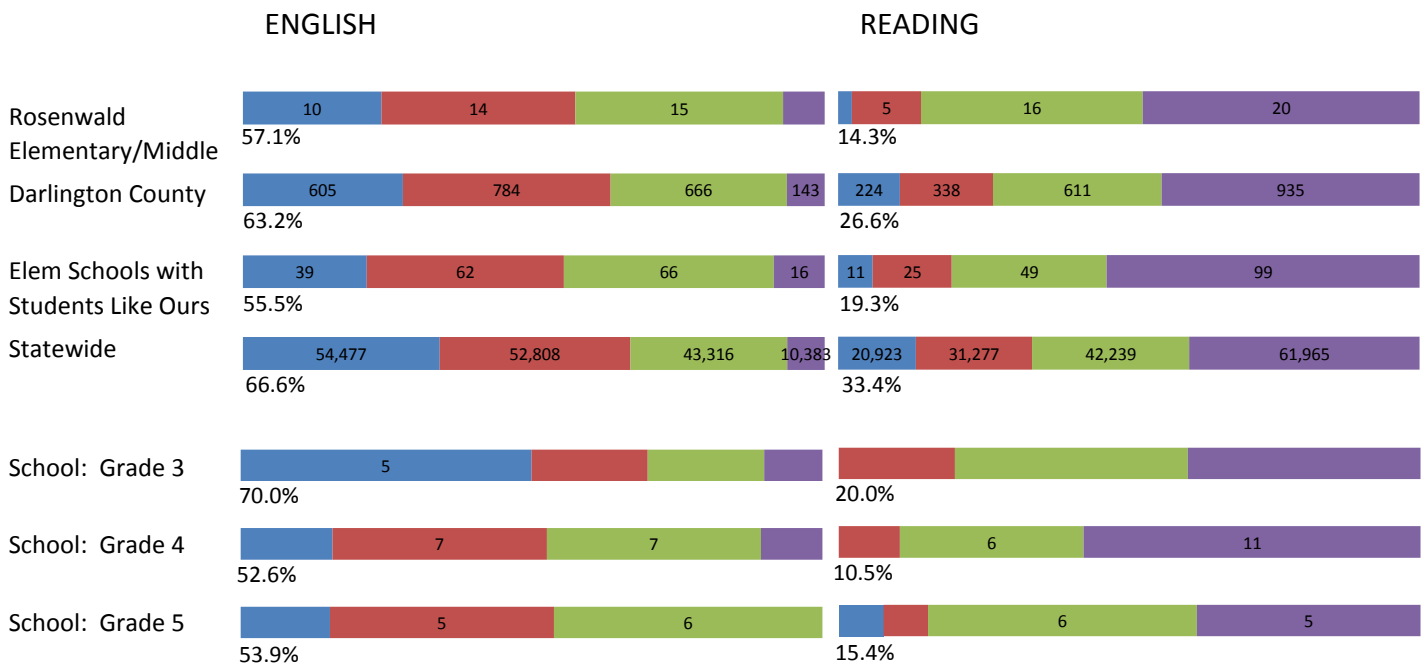

With tremendous support from community partners, we have strengthened each aspect of our school from the media center to the playground.
