South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Joseph R. Pye Elementary is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ensuring that college and career readiness begins at elementary. We are committed to high quality curriculum, quality planning, quality teachers, quality instruction, quality learning, and quality time to every child, every day. We recognize the needs of digital learners and a future workforce that requires skills (Communication, Collaboration, Critical Thinking, and Creativity) that prepare them as 21st century learners. Our Mission is to prepare learners to be tomorrow's leaders as they explore, discover, and learn. Our Vision is to be a world class model STEAM school with integration of the arts and sciences.

We provide quality curriculum through standards-based instruction with established pacing to ensure delivery of relevant information to students. Teachers develop lessons that build upon previously acquired skills as well as provide stretch learning for advancement.

We engage in quality planning through Extended Collaborative Team Planning time. Teachers plan with the Intervention Team, Fine Arts Team, the Title I Facilitator/Reading Coach, the Instructional Technology Specialist, and the Media Specialist to ensure alignment across classes and integration across the subject areas. We deliver quality instruction with rigorous standards in language arts and math. Lessons are integrated through a STEAM approach that integrates the arts and sciences. Teachers use explicit direct instruction to maximize instructional time and to focus on learning.

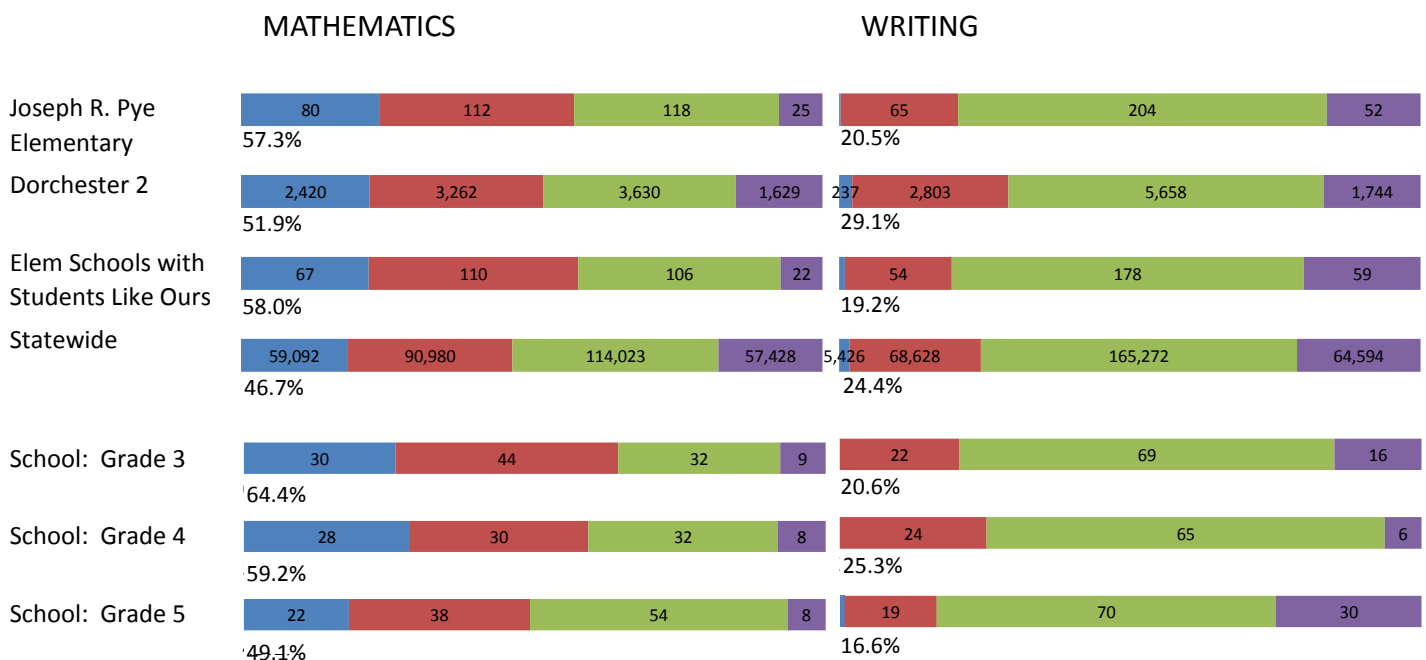

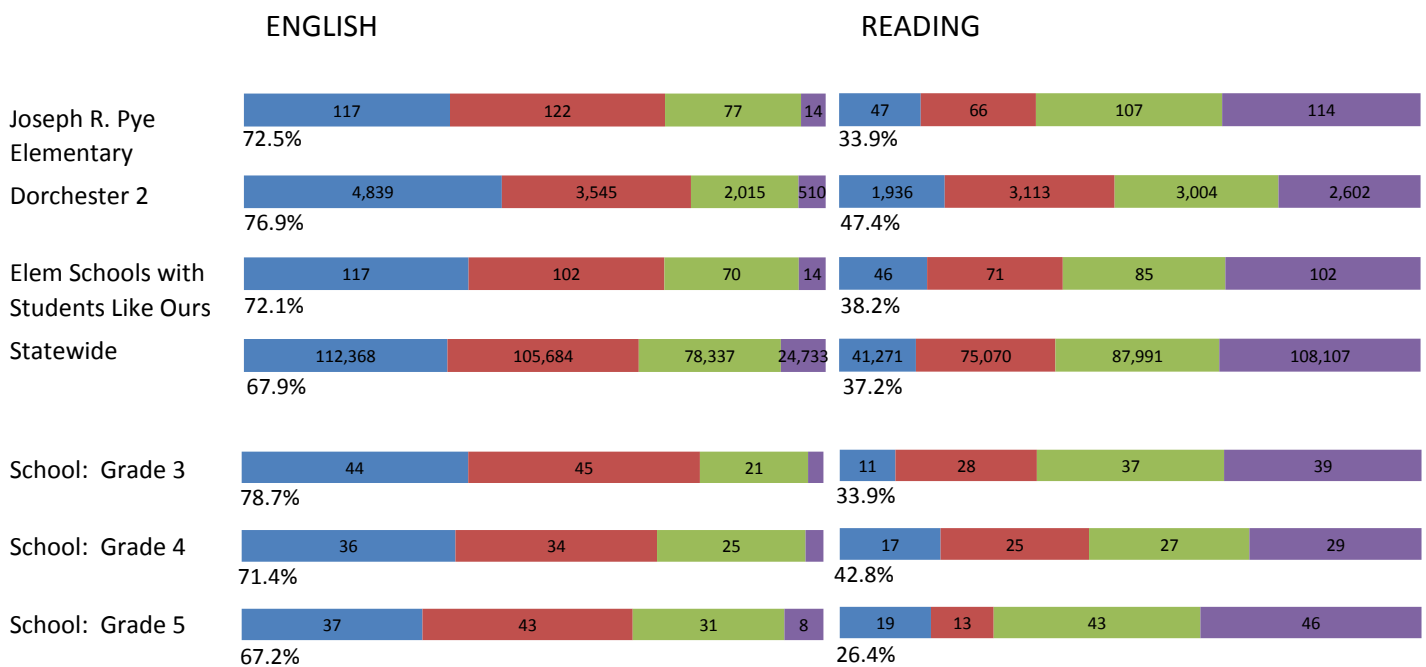

We provide a quality learning environment. World Class Skills are taught through daily integrated lessons via rotation stations and cooperative learning groups. To support our vision of being a world class STEAM school, we have formed business partnerships with corporations and community organizations to provide real world learning opportunities and mentoring for students. We believe that creativity and collaboration are essential for 21st Century learners.

We teach our students life and career characteristics. Through our Positive Behavior Intervention System, students develop character, integrity, self-direction, and work ethic which afford students and adults a safe and positive school climate.

We believe in shared leadership, shared responsibility, and shared accountability for teaching and learning.
