South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Johnsonville Elementary School is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing a safe, caring, and academically challenging learning environment. Through the implementation of our school's mission in providing a safe, positive learning experience that will allow all students to reach their greatest potential is a demonstration of such an environment. Through so many types of professional development our teachers are learning new strategies to implement in their classrooms. Our reading coach is a vital part of the implementation as she plans and develops professional development for our teachers. Several programs we use are Study Island, Every Day Math, Reflex Math, STEM, writing curriculum, small group reading, Independent Reading, and MAP to name a few. The academic challenges are in place at JES. At Johnsonville Elementary School we go beyond the classroom as to ensure that all students reach their greatest potential though not only academic but also through other programs that focus on the development of the child as a whole. We have Project Unify which is a service group that promotes inclusion of special needs students; Library Club which gives students the opportunity to become familiar with all aspects of producing, directing and broadcasting a daily news show; our Art Club and our musical group, The Sparkle Tones, both give our students the chance to share their talents with local nursing homes, hospitals, and student body. Every year our students complete food drives for our local food bank, Caring and Sharing, as well as donating to Pennies for Patients, Pink Out Day for the Susan G. Komen Foundations, and St. Jude's Math-a-thon. It is our belief that it is essential that the school, community, and families work together in sharing the educational responsibilities of our students. With this support, we all can be a part of the development of our future. Mr. Shaun Marsh, Chair of School Improvement Council Mrs. Dayne Coker, Principal
