South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Gateway Elementary School is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing a safe, caring and academically challenging learning environment. We provide such an environment through the implementation of our school vision: "Success Begins Here". We assure that we remain true to our vision by directly aligning the professional development of our teachers to exemplary research based practices that result in a full menu of academic programs and practices that challenge each student and create a solid foundation for continued success. Our teachers are trained in the Fountas and Pinnell Balanced Literacy delivery method for English Language Arts, which allows us to instruct our students at their specific academic level. In keeping with our commitment to challenge all students with a rigorous academic environment, we use the Lucy Calkins Units of Study writing curriculum that encourages students to write and produce meaningful, purposeful pieces that reflect their own style, thoughts and opinions. Additionally, our teachers use effective, current math strategies in the classroom, such as Digital Calendar Math, Reflex, First in Math, and Number Worlds. Our Response to Intervention (RTI) services are offered at each grade level, and utilize state of the art delivery methods such as Leveled Literacy Intervention (LLI), Number Worlds and SOAR to assure the success of students who may need additional instruction. At Gateway Elementary School, we believe that the success of our students should be measured by more than academic excellence. Our students are fully immersed in "The Seven Habits of Happy Kids". Our guidance lessons and school-wide behavior and character expectations are based on these essential character building traits and are celebrated throughout our building. Our students also actively participate in community outreach projects such as Junior Beta Club Fundraisers, Jump Rope for Heart, Travelers Rest High Spirit Week, Box Tops for Education, and the St. Jude Math-a-Thon. Gateway Elementary School is committed to providing our students with a high quality, student centered educational program that represents a true learning community. We understand the importance of assuring that our students receive a strong foundation very early in their school careers, and that this foundation cements their continued success as they become future South Carolina graduates and world leaders.
