South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Ninety Six Elementary School is helping students develop world class skills and life and career characteristics by providing a safe, nurturing and academically challenging learning environment. Our school's motto "Where All Children Succeed," gives us direction and purpose.

Teachers make every effort to ensure that lessons are meaningful and engaging. Our Reading Coach worked closely with teachers to develop strategies to help struggling readers and accelerate growth of higher achieving students. Accelerated Reader program was reinstated this year. Teachers worked with students to set goals and conferences were held to monitor achievement. Student Support Team provided small group settings for students to work on deficiencies in reading and math. Our Gifted and Talented program has revitalized its focus by adopting Project Lead the Way. We provided an array of activities in all subject areas that allowed students to collaborate and work in teams to create projects and solve problems that will equip them to meet the needs and challenges of the 21st century.

Students were provided opportunities to display leadership skills through various clubs. Emphasis was placed on the 16 career clusters by SCOIS workshops and direct exposure to professionals during career day. Our Positive Behavior Interventions and Support program sets the tone and climate throughout our school. Students were taught expectations and were evaluated for compliance and received incentives.

Development of interpersonal skills was an important part of our curriculum. It included community outreach projects. Students collected canned food items for the local food pantry. Students made cards for nursing home residents and collected money for the American Heart Association and Relay for Life. Other interpersonal skills emphasized are respect, responsibility, teamwork, tolerance and empathy.

Our students learned that being a person of integrity means respecting themselves and others. They demonstrated acceptance. They learned that acceptance is vital in being a successful student now and in maintaining a global perspective for the future.

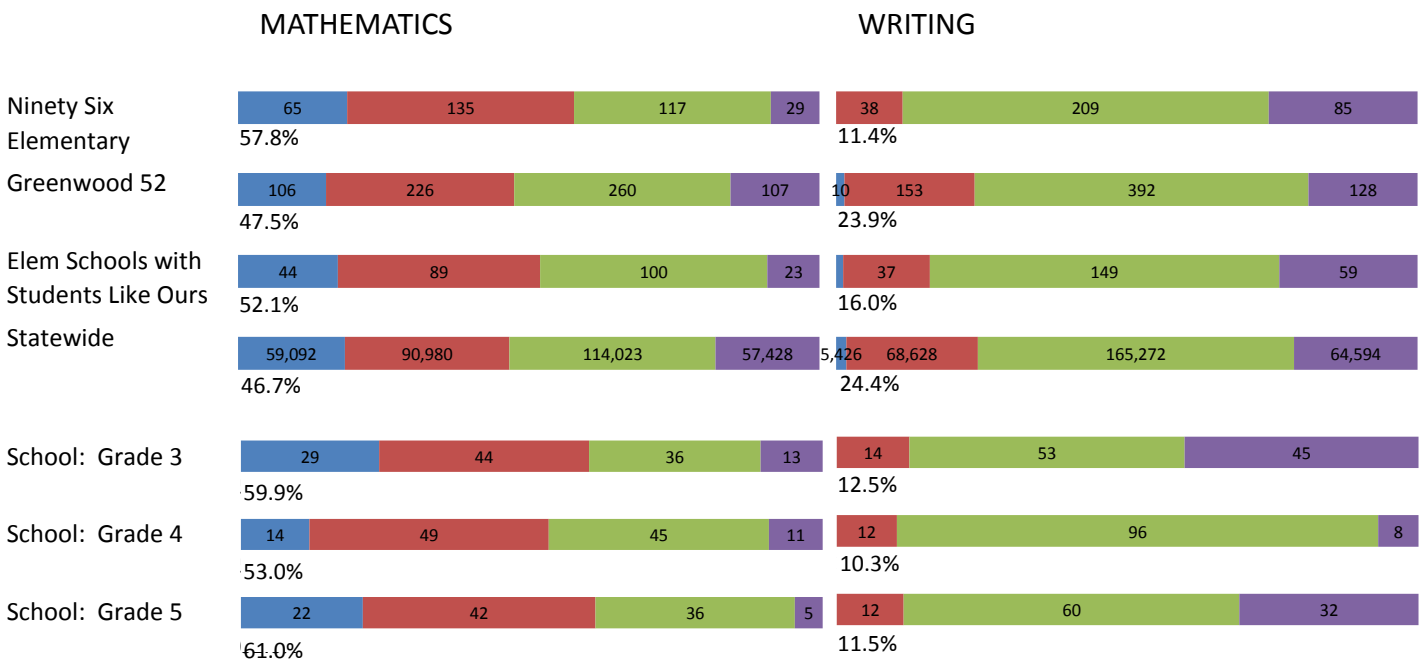

We continue to exemplify commitment to academics, citizenship and character-building. Ninety Six Elementary is a great place for students to learn and grow. It is our hope that by providing our "Community of Learners" with a challenging and nurturing environment, we will continue to support our vision of "Empowering Today's Learners to Become Tomorrow's Leaders."
