South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Myrtle Beach Intermediate is helping all students develop world class skills and life and career characteristics of the Profile of the Graduate. We provide a rigorous math and English Language Arts curriculum in all classes that differentiate to meet the needs of all of our students to prepare them for their future. Computer assistance was offered in math and ELA, along with Homework helper time each morning. Students are learning 21st century skills with technology being a tool for learning and creative expression. Our school technology fair was a brilliant display of world class skills that blended 21st century skills, creativity, and educational standards. Along with the many activities that went on here at MBI, we started the New Year with 325 new 4th graders. Our fourth grade students went to the State House and the State Zoo, as our Fifth graders spent three days at Camp Kate in Charleston. We had celebrations of the Covey Habits that promoted life skills characteristics of a graduate. We continued to emphasize and model the Covey 7 Habits throughout our curriculum and day in having high expectations for children in being good citizens. Students, parents, and the community raised money for Pennies for Patients and Jump Rope for Heart. Our Title One funds supported interventions, parent workshops, additional laptops, and site visits from consultants for our staff. Planning and instruction were based around the data from MAP (Measuring Academic Progress) student work and responses. Teacher, administration, and student conferences were held throughout the year to determine student achievement goals and assess the progress toward those goals. PTO sponsored a successful fundraiser and provided special events throughout the year for the students. Community support came in generous gifts from the "Caring for Kids" organization on a weekly basis. We worked closely with Myrtle Beach High School to sponsor Mentoring Men. The dedication and commitment of the MBI teachers, staff, and community provided for a productive year as we continue to strive to provide students with world class skills and career characteristics. Deb Colliver, Principal, 2014-2015 Jim Creel, SIC President

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.
