

SALUDA RIVER ACADEMY FOR THE ARTS

1520 DUKE STREET
WEST COLUMBIA, SC 29169

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Grades:	K-5 Elementary	Principal:	TONYA FRYER
Enrollment:	390 students	Superintendent:	Dr. Venus J. Holland
School Phone:	803-739-4095	Board Chair:	Mr. Bill Bingham Jr.
School Website:	https://sites.google.com/a/lex2.org/schools-sraa/		

Profile of the SC Graduate

World Class Knowledge

- Rigorous standards in language arts and math for career and college readiness
- Multiple languages, science, technology, engineering, mathematics (STEM), arts and social sciences*

World Class Skills

- Creativity and innovation
- Critical thinking and problem solving
- Collaboration and teamwork
- Communication, information, media and technology
- Knowing how to learn

Life and Career Characteristics

- Integrity
- Self-direction
- Global perspective
- Perseverance
- Work ethic
- Interpersonal skills

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.

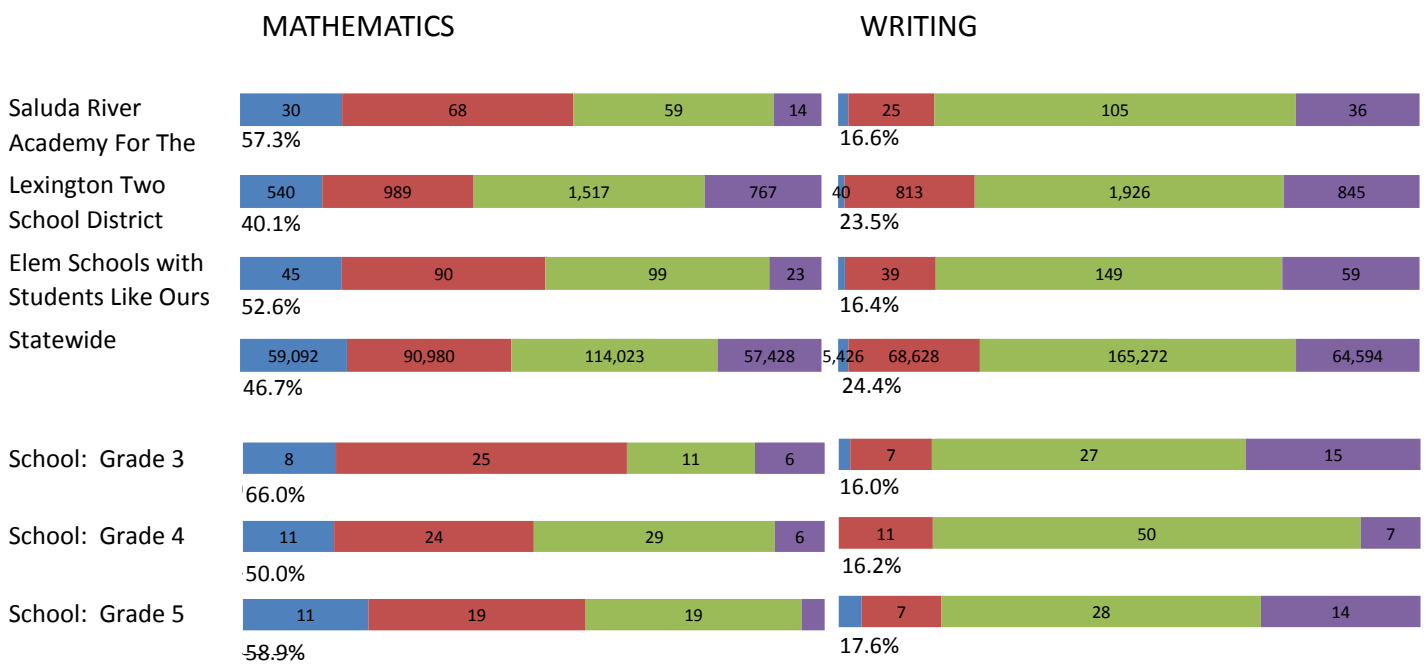

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Saluda River Academy for the Arts (SRAA) is helping to develop the world class skills and life and career characteristics of the Profile of the Graduate by instilling world class knowledge, world class skills, as well as life and career characteristics. The infusion of academia by means of rigorous standards is recognized by means of our accreditation process. We are accredited by AdvancED and have held this distinction for the last forty-two years. To date, we have received over \$170,000 in grants from various sources, including from the SC Arts Commission. Our faculty is dedicated to continuous improvement in order to learn and implement best practices for preparing students to have the needed skills for the 21st Century. We use a variety of strategies to enhance student achievement by means of increasing student engagement and differentiating instruction. Technology is becoming an integral part of our curriculum, through use of SMART Boards, iPads, and Chromebooks. We look forward to adding one-to-one tablets for all students. In preparation for that rollout during the first half of the 2015—2016 school year, teachers have been given Samsung tablets to become familiar with in preparation for use with students. Employers have indicated the need for students to be able to think at higher levels upon graduation. To that regard, our staff development focus has been geared towards building world class skills within children by promoting thinking skills, regardless of diverse needs. Realizing that all students are different and have unique needs, task rotations were used, as a method of meeting our children's instructional needs. We used small group instruction, such as in our READ 120 classroom. First In Math, Compass Learning provided computerized ways to differentiate instruction for all students. We were thrilled to implement Achieve 3000, in second through fifth grades this year. This computerized approach to reading instruction provides non-fiction passages for students to read and build comprehension skills while doing so. We served select second and third graders in the area of reading, using a Response to Intervention approach. Parents and students participated in an evening of shopping at Food Lion in order to apply math skills to a real-world situation. We used a Reading Coach, a part-time Instructional Facilitator, and teachers to assist with on-going, job embedded professional development regarding instructional strategies and utilizing data to make explicit, student-focused decisions. We promoted the building of life and career characteristics by means of having students give back to the community and to provide opportunities for building a strong work ethic as well as acceptance of diversity. Our students were presented with unique opportunities to showcase the school within and outside our neighborhood. Students performed at the airport, area churches, and community events. Arts Unlimited students performed at Fort Jackson during ceremonies designed to save the Fort from closure. They also performed during the second game of the brand new Lexington Blowfish Stadium. Our children

KNOWLEDGE

The ACT Aspire assessment was given to students in grades 3-8 in Spring 2015. Students were assessed in the subject areas of Reading, English, Mathematics and Writing
