The 2014-15 school year was the fifth year of operations on York Preparatory Academy's ten-year charter. The school year began with two new principals and the departure of the school's fourth managing director. At the time of this report, the school has received only embargoed data on its performance, so no formal discussion can be presented here. That said, the embargoed data suggests significant improvements in student results in several key areas. The school ended the year with an enrollment of about 1,390 and a waiting list of about 370. In the coming year, the school's focus will be on incorporating data-driven instruction.
