Wren High School is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by providing a learning environment where students have the opportunity to reach their potential. The mission of Wren High School is to provide each student with the knowledge, the skills, and the character necessary to excel in a multicultural and technologically advanced society. Based on its exemplary student academic performance, Wren High continues to be recognized as a school of excellence. Recognition includes Palmetto's Finest, Palmetto Gold recipient, Flagship School of Promise, National Service Learning Leader School, Southern Regional Educational Board (SREB) High School That Works Pace Setter Site, and one of the US News and World Report America's Best High Schools. The school participated in a case study and was selected by SREB as an exceptional high school. The ongoing commitment of faculty, staff, community, and students contribute greatly to the success of the school. The Wren High School Class of 2015 consisted of 223 graduates with sixty-five graduates being recognized as honor graduates. Of the 283 graduating, the following qualified for the Hope Scholarship (18), Life Scholarship (97), South Carolina Academic Achievement Honors Award (14), and Palmetto Fellows Scholarship (14). The Class of 2015 accumulated an estimated 4.67 million dollars in scholarships. Over 90% of 2015 graduates plan to enroll in either a two or four year college or enter the military. During the 2014-2015 school year, all students were provided with an iPad which enhanced the learning experience and provided teachers with unique opportunities to provide instruction in innovative ways. Teachers participated in Professional Development to collaborate together and learn how to use different applications in their classrooms. Wren High School's teaching staff provides a rigorous course of study for students. The Freshman Academy serves a strong foundation and provides a successful transition for students entering high school. At the conclusion of the 2014-2015 school year, 97% of the Freshman Class passed to the tenth grade. The smaller learning environment of the Freshman Academy helps to improve academic achievement by enabling students to work closely with the same team of teachers, learn the school, and become involved in students activities. Best practice teaching strategies coupled with an extensive tutoring program enhance the academic success of all students. Embracing the failure is not an option philosophy; students are not allowed to opt out of assignments that focus on the mastery of skills. They must attend tutoring and redo assessments until they reach the mastery level. In addition to core academic courses that prepare students for college, the workforce, and/or the military, elective course offerings help to prepare students for state and college entrance assessments, as well as, expose them to the arts and life skills. The PSAT is given to sophomores and juniors, enabling these students to identify areas of strength and
