South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

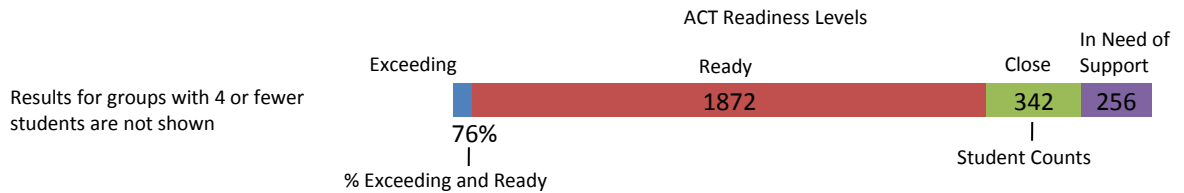

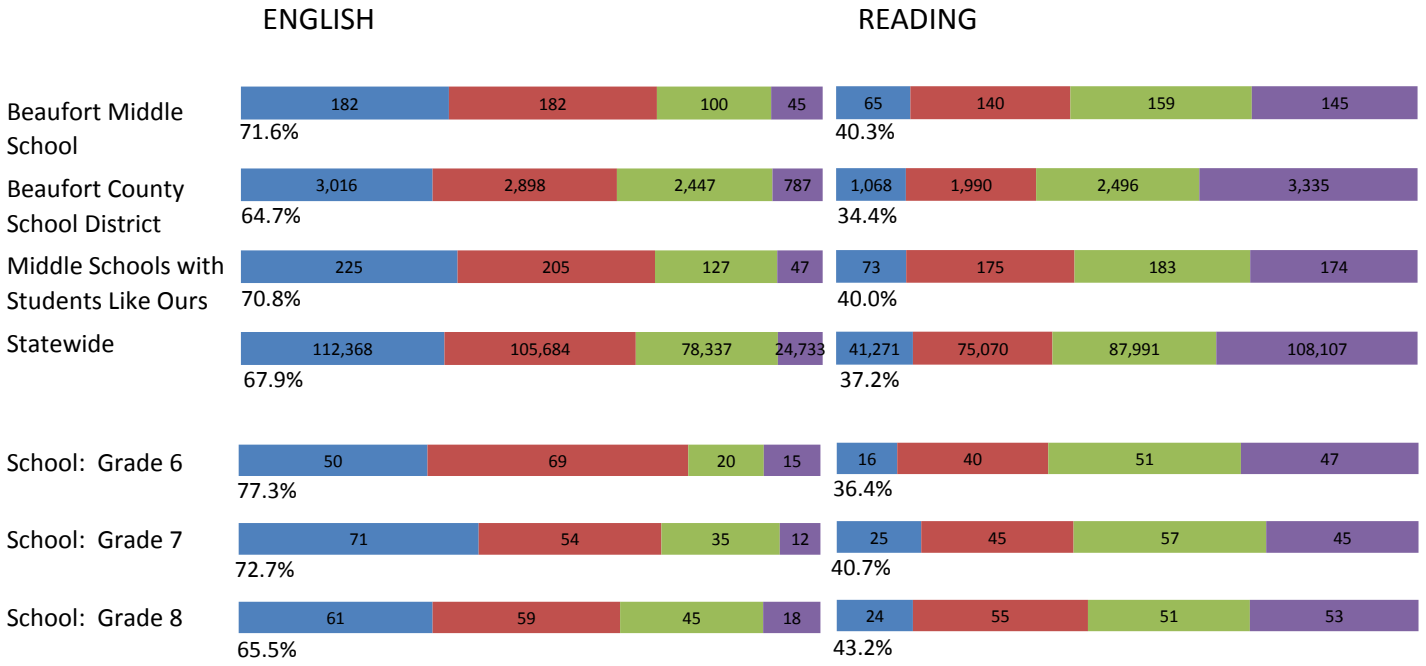

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Beaufort Middle School supports and assists all students in developing the world class skills, life and career characteristics of the Profile of the South Carolina Graduate as a community, engaging learners in personalized, arts-infused, relevant experiences that guide and prepare students to succeed academically, artistically and technologically. Rigorous standards in all content areas frame instruction; learning experiences integrate creativity, critical thinking, collaboration, and technology while developing students' interpersonal skills and self-directed work ethic. Through an arts integrated curriculum, students created a school Alma Mater in 2014 and wrote and performed a Beaufort History and Art Extravaganza community showcase with feeder elementary schools. Gryphon Singers performed at the SCAMLE Conference. Thirty-seven percent of 8th graders were successful in high school credit classes, and thirty one percent of the student body received gifted and talented services. All students developed skills in Gryphon Time, a daily enrichment and intervention class. Students' 1:1 technology enhanced STEM experiences and promoted communicating, collaborating, and creativity while inspiring local and global learning. Community support for the sciences engaged students in e-Cybermission Army Outreach Program with two teams winning state honors. Environmental Studies with Beaufort Soil and Water Conservation staff engaged sixth graders; thirteen students placed in the regional science fair with support from community mentors. Students enhanced interpersonal skills by earning 2880 community service hours and by donating \$8,000 to charities. Leadership experiences engaged students in the Mayor's Community Council, Junior Leadership Beaufort, Student Council, Gentlemen's Club, Project Unify, Socratic Seminar and classroom ambassadors. Grant funding awarded to staff supported Project Unify, Walking Club, Health, Literacy, and Science enrichment and six visiting artists. Data-driven decisions engaged all stakeholders, yielded a focus "four" learning lesson structure and the creation of a school-within-a-school Classical Studies Program beginning in 2015-2016. An enriched, collaborative learning climate in 2014-2015 provided personalized learning experiences for students and inspired innovative ways to engage community. Building on these successes, we look forward to positive trends and continued, thriving student achievement in the year ahead. Carole Ingram, Principal and Faye Alston, SIC Chairperson
