South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Johnson Middle School is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by... providing a safe, caring and academically challenging learning environment. We provide such an environment through the implementation of our school vision empowering students for the future. We demonstrate this vision by challenging our students with best practices to reach their full potential and by the continuous professional development of our teachers. Our teachers are always seeking to learning new and effective strategies to use in the classroom such as: utilizing the Google Classroom Technology, implementing project based learning, and providing extended tutoring opportunities for all students. We are proud of the gains we have made in academics. At Johnson Middle School we also have various programs outside the academic world to focus on the development of the whole child. School-wide we have continued to focus on our after school program, introduced a new mentoring program, and provided students with field learning experiences in order to expand support to our students. This year we expanded technology in our classrooms by allowing students to bring their own devices. Through partnerships with local businesses and civic groups we have invested more than \$25,000 into our classrooms. Our guidance department has worked to incorporate additional career related training and programs. Johnson Middle School students complete nearly 7,000 service learning hours in support of local causes such as the American Heart Association. At Johnson Middle School we believe the school, family, and community must share the educational responsibility of our students. We continue to provide numerous opportunities for student growth and development. We are proud of the work we are doing to accelerate student achievement and encourage college and career readiness. Thank you for all of your support in helping the development of our future South Carolina graduates and world leaders.
