South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop world class skills and life and career characteristics of the Profile of the Graduate by providing opportunities for students to be leaders, inquirers, collaborators, and innovators. Our motto, "Climbing to New Heights," is demonstrated through instructional best practices facilitated by a faculty that engages in continuous professional development. Through the International Baccalaureate Middle Years Program (IBMYP), Woodmont Middle provides students with the knowledge and experience necessary to succeed beyond graduation. IBMYP emphasizes holistic learning and exposes students to different subjects, skills, and experiences. We seek to give students an international perspective through our Cultural Night and Cultural Series program throughout the year. Students learn about other cultures within the global contexts of the IBMYP and present a final project which encompasses all that they have learned during the year. We encourage students to participate in an Action and Service activity through which they give of themselves, their time, and their talents to benefit the community. By fostering a commitment to help others, they will become responsible members of the community. In an effort to prepare students for college and career readiness, Woodmont Middle supports the implementation of more high school credit courses in middle school core and related subjects. We help students develop the skills needed to think critically and independently, work collaboratively, and take a disciplined approach to studying. Our guidance department uses career assessments to help students identify their interests in the sixteen career clusters. Individual graduation plans are developed with eighth grade students to determine their career interests and prepare them for career exploration in high school. The middle school experience is further enhanced through collaborations with community members who share their knowledge and expertise with students. We expect students to adhere to the academic, technology, and assessment integrity policies which support world class skills and career characteristics. Woodmont Middle School focuses on its mission to prepare students academically and socially to become responsible, productive citizens in global society. Gregg Scott, Principal; Alyssa Simmons, Chairperson SIC
