South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Ralph Chandler Middle School helps all students with the development of world class skills and life and career characteristics as outlined in the Profile of the South Carolina Graduate. We continue to actualize our mission by creating a family-friendly environment focused on learning and student achievement. To that end, our staff works collaboratively to provide students with rigorous, hands-on learning experiences. Our students consistently meet or exceed district and state expectations on norm-referenced and state assessments. In order to be on the cutting edge of instructional practices, our teachers participate in continuous professional development. For example, all staff members participated in Google training to facilitate the use of Chromebooks and Chromebases to promote student engagement and creativity. The Media Center serves as our hub of learning, with collaborative planning and Lib Guides used to demonstrate the importance of quality and useful instruction and research. In addition to project-based learning experiences and interactive notebooks, we value analysis of student data for instructional improvement. We provide advisory lessons based on the Overcoming Obstacles curriculum and the Coordinated Approach to Child Health curriculum to develop the whole child. These curricula form the foundation for discussions with our students about character traits, habits and decision-making. We provide various clubs and Related Arts options to promote engagement and give students a voice in our school. Our Counseling Department provides training in career options, small group and individual counseling sessions, and the creation of Individual Graduation Plans for high school. Our community offers tremendous support through PTA, SIC, and parents as we continue to create learning experiences that are challenging, meaningful and engaging for students. Our faculty, administration, and community members have helped shape students to exemplify our motto: "Responsible, Challenged and Motivated to Succeed". Through strong communication and collaboration, we have provided creative and critical thinking experiences, essential organizational tools, and real world experiences to help our students be college and career ready. We are grateful for the district and community support in making our school an excellent place to prepare children for a bright future. Rita Mantooth, Principal Eric Bedingfield, SIC Chair
