

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

The mission statement of CrossRoads Middle School describes our school as a place where “children are cherished and challenged” during a true crossroads in their lives. We take our mission statement to heart in everything that we do.

World Class Knowledge—This year, CrossRoads Middle School continued to excel academically. We have established a rigorous and relevant curriculum that ensures our students exceed established standards. At CrossRoads, students are exposed to the state adopted standards through programs and instructional practice that facilitate high levels of engagement and student success, such as our growing STEAM program and a successful single-gender option. We are proud of the fact that CrossRoads has earned an Excellent growth and absolute rating on the SC School Report Card the past six years.

World Class Skills—To help students become creators, communicators, critical thinkers and collaborators, CrossRoads Middle School has made deliberate efforts to implement instructional strategies that support the 21st Century learner. Our shift towards a STEAM-based instructional model supports student growth in the areas of science, technology, engineering, the arts (literary, visual, and performing), and math. Our award winning performing and visual arts programs continue to excel and foster creative growth for our students. Recently, the CrossRoads STEM program was awarded the Belk Service Learning Award and has been featured on both the local and national level for its prosthetic hand project.

Life and Career Characteristics—At CrossRoads Middle School, our goal is also to provide our students with experiences and programs of study that will help make them good citizens. As an all-sixth grade school, we focus on creating an optimal learning environment for the emerging adolescent. Our PBIS program encourages positive behaviors and helps students learn the soft skills that will be necessary as they progress through their educational and future careers.

Our District motto is “Pursuing Excellence for Tomorrow’s Challenges.” We are very proud at CrossRoads Middle School to know that we are indeed preparing students for success in school, in the workplace, and in life.
