South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

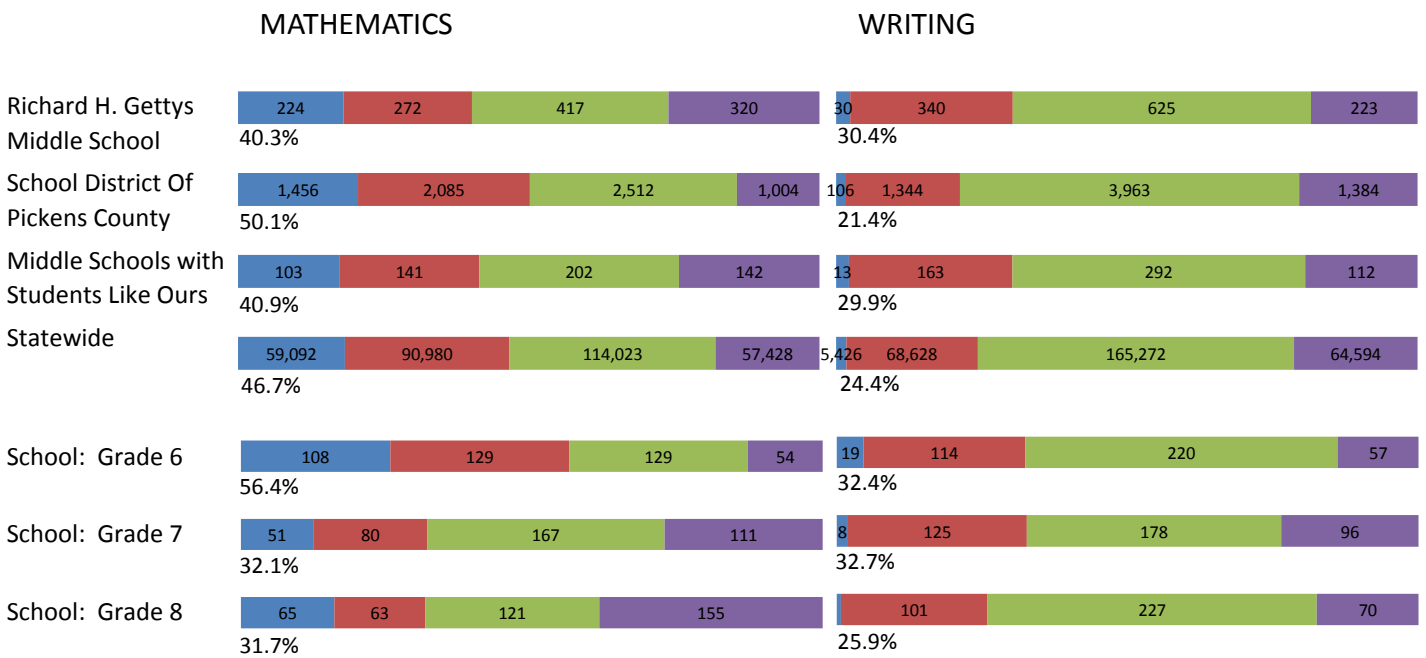

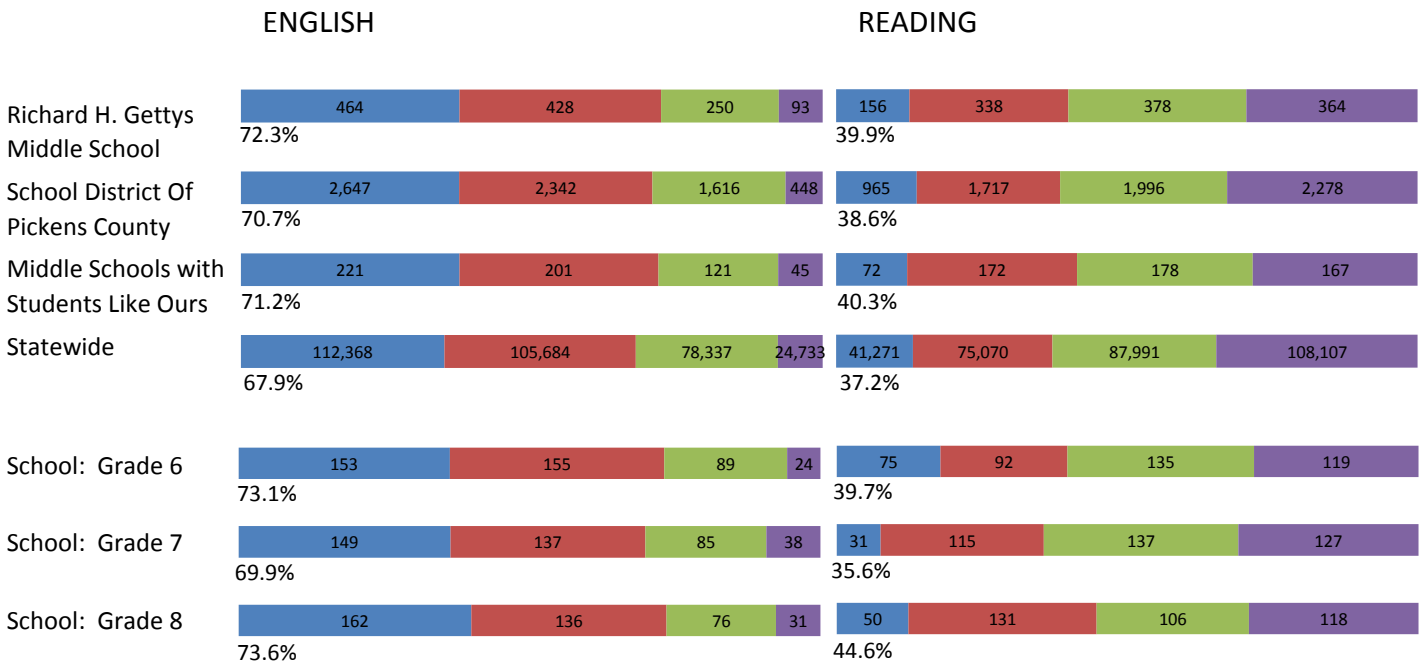

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Gettys Middle School students, staff, and community are “Making Gettys Great” and are helping all students develop world class knowledge, skills, and career characteristics. Our staff commits to providing a safe and academically rigorous learning environment to fulfill our vision of “Gettys Greatness.” World class knowledge begins with world class teachers. Our teachers' proven results are directly related to the high expectations they set for our students academically. Our teachers are engaging students with more project-based learning and increased problem solving. Literacy and STEM-based activities are incorporated into all classes. Our Gateway to Technology Program partnered with Manufacturers of Pickens County to use 3D printers to engineer prosthetic limbs for disabled children. Over 75% of our students choose to be in our Arts programs, which have produced award winning programs. We launched our first virtual classes in foreign languages and computer sciences to offer a global perspective and high school credits to our students. Our school and community are dedicated to developing our student’s world class skills. Additional partnerships with EHS, PCCTC, Majesty Nursing Home, and Tri-County Technical College expose our students to real world applications of their learning. Our robotics team emphasized collaboration to design and implement their technology plan in regional competitions. Students used their creativity and innovation in our technology infused BYOD classes, glider design challenge, rocket launches, and numerous service projects. Communication skills were enhanced by class presentations to legislators and parents as well as students in our Veterans Day and Black History Month programs that celebrate our citizenship and diversity. E-readers, Kindles, and Chromebook devices were added to our media and technology resources. Guidance counselors integrated career education with job shadowing, IGP’s, and career inventories. Athletically, all of our athletes showed teamwork and had successful seasons. Life and Career Characteristics are the foundation of our success. Our record memberships in our NJHS and BETA Clubs emphasize our student’s leadership and integrity. Our commitment to supporting all students work ethic is shown in our after school program Gettys University and their perseverance through our Bridges to Success and Connect programs. We are extremely grateful to our students, families, PTO and volunteers for joining us in the development of our future graduates and leaders! Twon Austin, SIC Chairman Mike Cory, Principal
