South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Pendergrass-Fairwold School is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by providing our students an opportunity to learn and practice functional skills across a variety of community and school settings. We have developed a framework and are currently working on a formalized plan for our TAILS Academy (Teaching Adults Independent Life Skills). The TAILS Academy consists of two components Community Based Instruction (CBI) and Campus Based Skills Training (CBST). In CBI, all objectives and activities selected for instruction in the community are coordinated with classroom instruction. This allows for skills to be taught simultaneously, both in the classroom and the community, thereby giving multiple opportunities for practicing and generalizing functional skills. CBST is for students who still require additional support to gain the skills necessary for appropriate functioning in environments outside of their school. We are fortunate to have three off-campus job training sites (Settles Beauty Supply, The Giving Tree and Harvest Hope) for our CBI students to visit weekly. Students in the CBST component practiced vocational and life skills at the school's incentive store, thrift store and supply room.

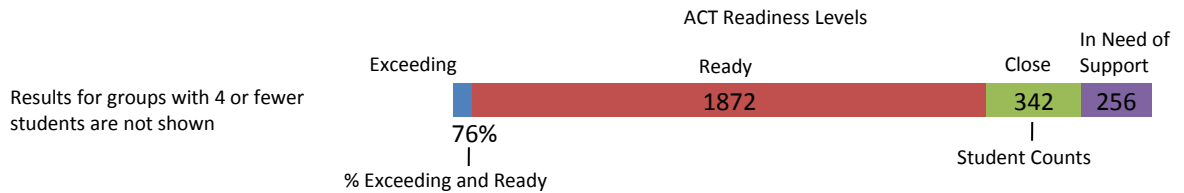

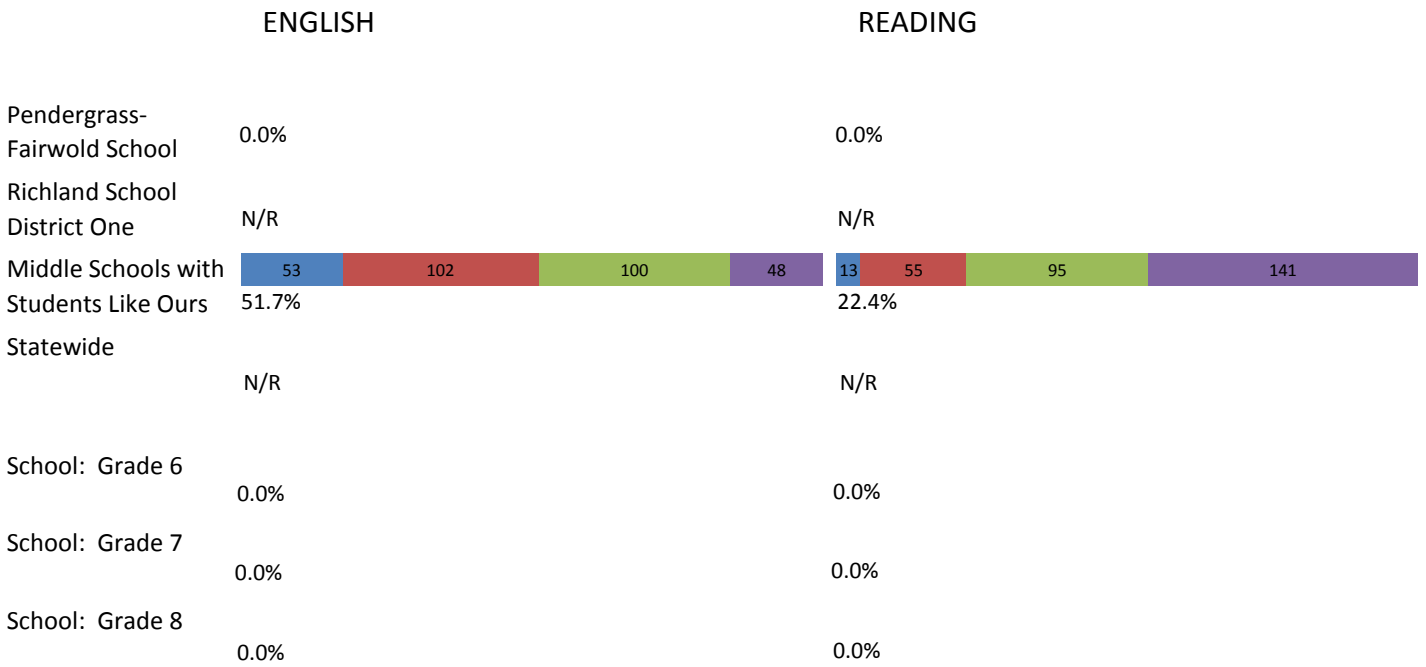

Pendergrass-Fairwold continues to serve medically fragile and severely mentally and physically disabled students from ages 3-21 who require a structured educational environment which will help them maximize physical mobility, self-help skills, life skills, and consequently, facilitate their adjustment to community living. We also provide services for students ages 18 to 21 who require significant supportive programming to transition from school to work or from school to independent living. All students receive educational and related services according to their Individual Education Plan (IEP) and are monitored for progress according to the guidelines of their IEP. Since the implementation of the Unique Learning Curriculum, we have seen an increase in the overall mastery of IEP objectives and the 2014 overall scale scores for SC-ALT increased in all tested areas. During the 2015-2016 school year, teachers will be using the assessments developed by Unique to gain benchmark data and to use for monthly and quarterly assessment.

This year we received donations from the Knights of Columbus' Operation Hope and the Kellet Family Foundation that totaled \$6,000.00. The donations were utilized to fund community and school based training opportunities for our school.
