

# South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

## WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

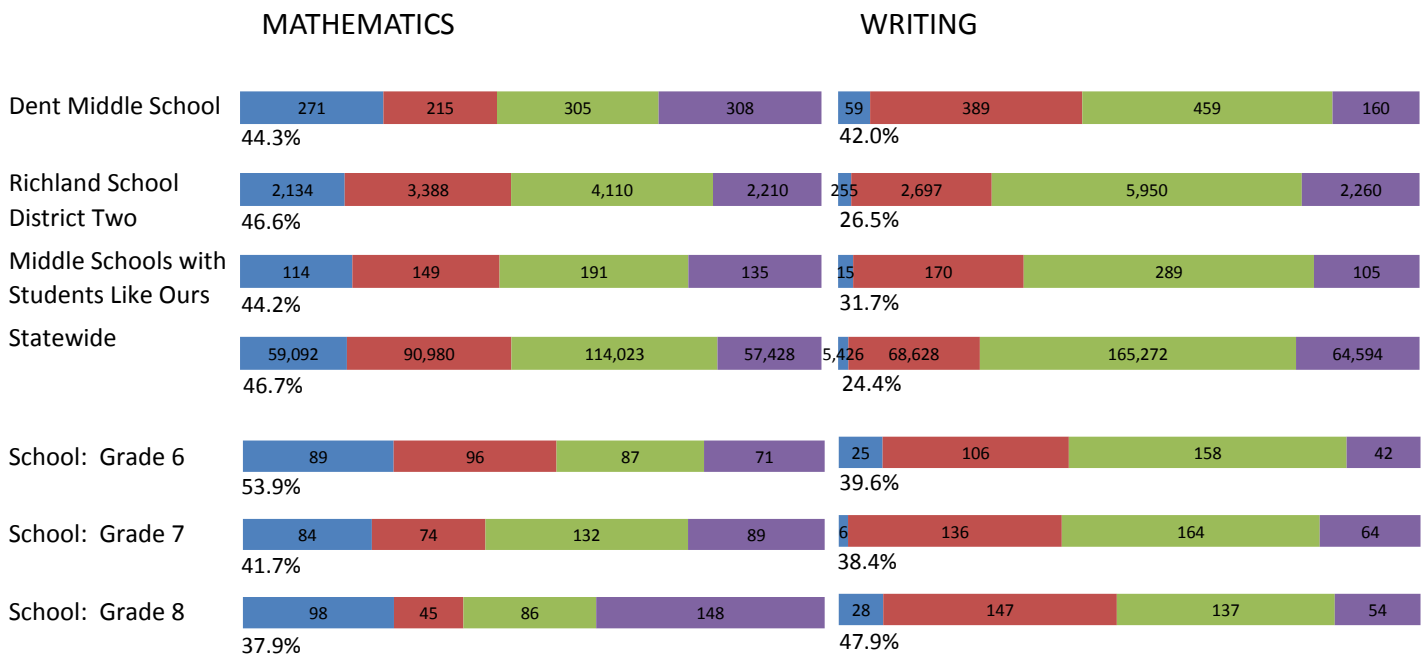

*Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...*

The administration, staff, and School Improvement Council at Dent Middle School are dedicated to the success of all students in developing world class skills and the career characteristics of the Profile of the SC Graduate. Our staff is very pleased with the improvements we have made in the 2014-15 school year. We are dedicated to the continued growth of our many exciting and innovative programs. Our teachers using focused professional development and the resources provided in our Race to the Top federal grant continued to grow in several areas. Increased utilization of enterprise learning, literacy, project-based instruction, and professional collaborative learning communities were used as a means to improve instructional practices at Dent Middle School. Dent led the district with the number of students who were recognized as Junior Scholars. We had numerous individual champions at events such as, the National Geography Bee, the National History Day Competition, and the Regional Science Fair. Our MATHCOUNTS! team was again crowned champion. Our band and orchestra received superior ratings at multiple competitions. In addition, our Boys' Soccer Team was named District Champion. In an effort to support enriched professional development, our teachers utilized research proven best practices that enhanced technology to engage all learners. We have added support programs in all core subjects for students by adding both Saturday school and after-school tutoring. We were also awarded a Gear-Up Grant that provides additional support for our students as they go through middle school and on to high school. Our SIC, PTO, volunteering opportunities, and business partnerships continued to grow over the year increasing parent and community involvement. We added a regular series for parents called Parent University to assist us in this effort. We deepened our collaboration with the feeder elementary schools to ease the transition between levels. Together, we have worked without hesitation and have done our very best to make our school a better place in which to learn and work. We look forward to another rewarding school year in 2015-2016. We will continue to move toward our goal of providing a learning environment where all students can achieve academic success and become leaders based on World Class Knowledge, Skills, Life and Career Characteristics. Doing all of this as we stay true to our motto, "One Team, One Dream". David V. Basile, Ed.D. Principal Dionne Fleshman SIC Chairperson
