### WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

*Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...*

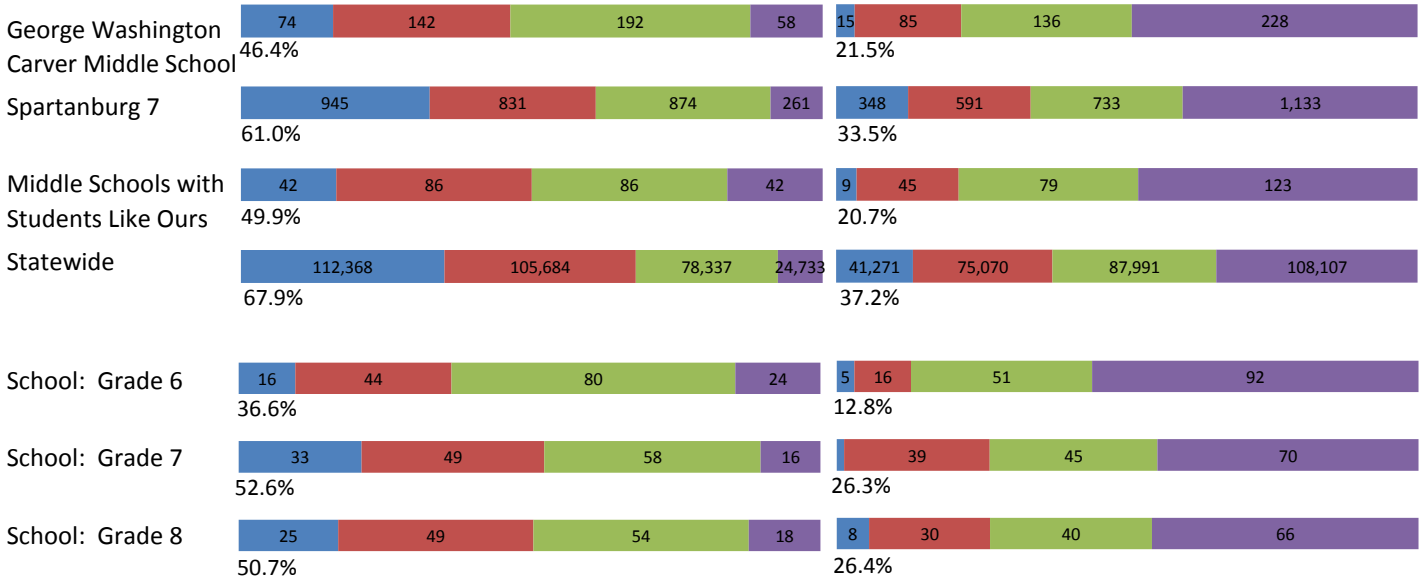

George Washington Carver Middle School's mission is to establish a strong academic foundation and an innovative learning environment by engaging, inspiring, and motivating students to maximize their learning potential in preparation for becoming members of a global society. Our goal is to help all students develop world class knowledge, world class skills, and life and career characteristics, which are all components of the profile of a South Carolina Graduate. George Washington Carver Middle School embraces AVID (Advancement Via Individual Determination) principles to promote a career and college readiness culture and STEM (Science Technology Engineering Math) pedagogy to develop our curriculum. AVID and STEM educational approaches infuse collaboration, inquiry, communication, and critical thinking to provide hands-on authentic learning experiences. During the 2014-2015 school year, George Washington Carver Middle School became a highly certified AVID school meaning our teachers incorporate the essential elements of AVID into daily instruction. These elements are writing, inquiry, collaboration, organization, and reading. AVID has given our entire school community common vocabulary and instructional strategies to help us reach our school and student goals. The implementation of Positive Behavior Intervention and Support during the 2014 – 2015 school year has allowed our staff to use a multi-tiered approach to ensure the social, emotional, and academic well being of each individual student. At George Washington Carver Middle School, we will continue in our efforts to implement these rigorous educational programs with fidelity to produce graduates who are successful both professionally and socially.
