South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Kingstree Middle School is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing a safe, nurturing, academically rigorous learning environment. Our school vision reflects this environment by connecting the "unique needs, talents, and abilities" of our students with learning that is challenging and engaging. The learning environment of Kingstree Middle School is propelled through our commitment to the continuous, embedded professional development of our teachers. This year, our teachers gained expertise in using Depth of Knowledge to increase rigor in their instruction and assessments. In addition, they received training in the use of the Revised Bloom's Taxonomy to assist in aligning the written, taught, and tested curriculum. Mastery Connect provided through the Carolina Consortium for Enterprise Learning helped our teachers make real-time decisions about student learning. Their bi-weekly data focus meetings helped teachers develop strategies to ensure that each student could reach his or her greatest potential. Our teachers and staff have worked tirelessly to provide an environment that prepares our students for world class leadership. Kingstree Middle School's extracurricular programs, including robotics, computer coding, crime scene investigation, Taekwondo, canoeing, and gardening, helped our students develop world-class skills such as creativity, collaboration, innovation, critical thinking, and communication. Our Gear Up, 21st Century, Educational Talent Search, and Bridge programs enabled our students to enhance their Life and Career characteristics by highlighting integrity, perseverance, self-direction, and a strong work ethic. In addition to the above programs, our students participated in Overcoming Obstacles, a character education program that underscored the importance of making good decisions, setting goals, and resolving conflicts. Moreover, fourteen percent of our students visited New York City this school year. Their experiences included a stop at Broadway, the 911 Memorial, and the Schomburg Center. These opportunities have allowed our students to broaden their perspectives and interact with others in a way that develops their knowledge and skills for college, careers, and citizenship. We salute the faculty, staff, students, parents, and community of Kingstree Middle School. Together we are making a difference. Together we are preparing our students to become ideal South Carolina graduates and world-class leaders! Ms. Keels, School Improvement Council Chair
Ms. Cumbee, Principal

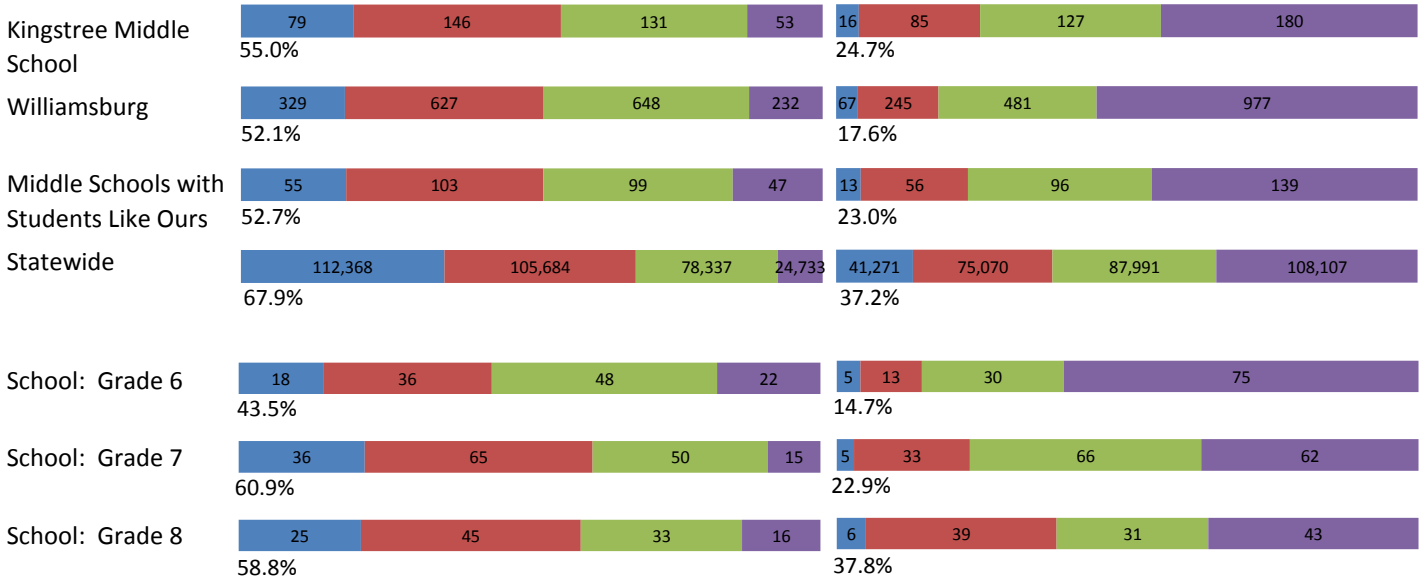

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.
