

Cape Romain Environmental Education Charter

1011 Old Cemetery Road
McClellanville, SC 29458

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Grades: PK-7 Middle
Enrollment: 136 students
School Phone: 843-887-3323
School Website: <http://www.creecs.org>

Principal: Margaret Crouch
Superintendent: Wayne Brazell, Ph.D.
Board Chair: Warren Engle

Profile of the SC Graduate

World Class Knowledge

- Rigorous standards in language arts and math for career and college readiness
- Multiple languages, science, technology, engineering, mathematics (STEM), arts and social sciences*

World Class Skills

- Creativity and innovation
- Critical thinking and problem solving
- Collaboration and teamwork
- Communication, information, media and technology
- Knowing how to learn

Life and Career Characteristics

- Integrity
- Self-direction
- Global perspective
- Perseverance
- Work ethic
- Interpersonal skills

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Cape Romain Environmental Education Charter School (CREECS)'s mission is to create a small and diverse collaborative learning community that immerses students in critical thinking, environmental stewardship, and engaged citizenship through meaningful and innovative learning experiences. CREECS engages family and community in the commitment to nurture the whole child in preparation for a global society by emphasizing ecological conservation and sustainability. Students learn a "love of place" through hands-on participation in an inquiry-based environmental education curriculum grounded in the study of natural resources in the area. This innovative, interdisciplinary, environmentally-based curriculum is purposefully woven together utilizing the constructivism learning approach—where students are actively engaged in thinking, learning, questioning and understanding—to study the various habitats and environmental considerations of the natural resources in their locality. Educational experiences that require analysis, synthesis, and reflection combined with service learning opportunities facilitate student development of higher-order thinking skills and environmental stewardship. Learning at CREECS focuses on educating the whole child, involving families and community members in education, teaching state standards and twenty-first century skills, and providing learning opportunities that foster engaged citizenship and environmental stewardship. CREECS's teachers are involved in on-going professional development and training that includes but is not limited to the following: Project Based Learning, Sustainable Forestry, Singapore Math, Environmental Education Curriculum Development, Responsive Classroom: The Power of Our Words, Paula Denton, EdD and Net Text training. The year ended with students participating in the Bulls Bay Nature Festival which gave every students the opportunity to communicate what they learned during their year-end culminating project. The culminating projects were designed to demonstrate rigorous student work. Parents, grandparents, and community members were all invited to attend.

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.

KNOWLEDGE

The ACT Aspire assessment was given to students in grades 3-8 in Spring 2015. Students were assessed in the subject areas of Reading, English, Mathematics and Writing
