South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Meeting Street Elementary @Brentwood (MSEB) is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by focusing on rigorous academics, implementing an integrated character skills program, and developing partnerships with families and our community.

MSEB opened our doors in August of 2014 as a first-of-its-kind public-private partnership school. Charleston County Public Schools partnered with Meeting Street Schools to create a neighborhood public school that has the autonomy to design an academic and character program to fit the needs of our community.

We use a suite of research-based curricular programs to ensure that all students are exceeding typical growth and are marching towards true college-readiness benchmarks. We have a balanced literacy program, a tailored math program, and we integrate science and social studies with math and literacy through our Integrated Learning Units. In addition to providing a college-preparatory curriculum, we have two teachers in every classroom to ensure we are differentiating for our students' needs. We extended the time that our students spend in school by starting with 3 year-olds in our Pre-K program, having an extended school day that allows our students to be in school until 6:00pm, and having an extended school year that allows our students to spend more time in school over the summer.

At MSEB we focus on educating the whole child by weaving our research-based character development program into every single aspect of school life and academics. Our Path to Success Skills and Community Commitments are included in all content areas and are explicitly taught and celebrated throughout the week. We embed social-emotional skills into our curriculum and we have wrap-around health and wellness programs at our school to serve all the needs of our students and families.

We love our parents and have a variety of ways we partner with families so that they can be actively involved in our school. We have our weekly school-wide Community Celebration, fun monthly parent events, quarterly parent-teacher conferences, an open-door policy where parents are welcome to observe any time of the day, and a build-your-own library program where we give each student a brand-new book to take home and keep every Friday to help build family libraries. In addition, we collaborate with community organizations, such as the Lowcountry Foodbank and Green Heart, to provide support for our families.
