Chair Randolph welcomed all visitors and new media who were present. Chair Randolph recognized Jane Clark Lindle, Clemson University, College of Education.

V. STATE BOARD CHAIR REPORT

Chair Randolph stated that he just wanted to thank his fellow board members for their support as well as the support and leadership of Superintendent Spearman. He stated further that he was excited about serving as the Board Chair this upcoming year. This concluded Chair Randolph’s report.

VI. STATE SUPERINTENDENT OF EDUCATION REPORT

Superintendent Spearman stated that she was proud of our organization, the Council of Chief State School Officers (CCSSO), who hosted all the state teachers of the year at the National Football Championship game and last year’s recipient Susan Kote who was present. Superintendent Spearman spoke upon a commercial that was ran during the playoffs that highlighted students talking about what they wanted to do with their lives and encouraging students to become teachers. She stated that she was pleased to see how the National Collegiate Athletic Association (NCAA) recognizes the importance that teachers have on their program and athletics. Superintendent Spearman stated that she was proud that Clemson won the championship; however, she was most proud that most of the students were a product
of South Carolina public schools across the state as well as the nation, and for the great work that the teachers did in preparing those students both academically and athletically.

Superintendent Spearman reported that the Environmental Protection Agency (EPA) has awarded South Carolina a 1.1 million dollar grant for new school buses. This grant will allow the department to replace 57 of our oldest buses. Additionally, South Carolina will receive 11 school buses in rebates that will replace buses in 11 school districts. Superintendent Spearman stated that a total of 858 new buses had been purchased and that every District should receive some. Superintendent Spearman emphasized that this is a top priority for the department this year, stating that she held a press conference addressing this matter and that she would be working hard and using any source possible to get the old buses off the road.

Superintendent Spearman reported that the agency has launched a new page on the website that addresses a school and district closure reporting system. She stated that the webpage will keep the public and state agencies aware of state school closings. She stated that the closures are reported directly by the local districts to a secure site.

Superintendent Spearman honored the teachers who were the winners of the Presidential Awards for Excellence in Mathematics and Science teaching. The winners were nominated and selected by a panel of distinguished scientists, mathematicians, and educators following an initial selection process at the state level. Superintendent Spearman recognized the following winners and their support team:

- Sandra Bradshaw–Anderson County School District Five
- Tammi Broomal–Spartanburg County School District Six
- Tammy Renee Joyner– Newberry County School District
- Jean McKinney– Lexington County School District One
- Marsha Neal– Jasper County School District
- Kimberly Rothberg– Horry County School District

This concluded Superintendent Spearman’s report.

SBE SOUTH CAROLINA BOARD OF EDUCATION FOR INFORMATION

Chair Randolph recognized Superintendent Spearman who provided a brief update regarding Florence Four. Superintendent Spearman reported that Dr. Zona Jefferson continues to serve as Superintendent for Florence Four and is doing an extraordinary job, and that the department has seen progress in many areas particularly in instruction and the climate at the schools within Florence Four. Superintendent Spearman recognized Dr. Latoya Dixon to provide additional comments regarding the district. Dr. Dixon stated that instructionally the two new leaders at Johnson Middle School and Brockington Elementary have been working very diligently, particularly Tonya Addison who has been working very hard with staff to improve graduation rates. Dr. Dixon stated that following their meeting, Ms. Addison felt very positive about having an improved graduation rate for this year. Dr. Dixon stated that the transformation coaches that are assisting at Brockington Elementary School have been working with teachers specifically around lesson design and ensuring that the lessons are aligned with state standards. Superintendent Spearman commended Dr. Dixon for all of her hard work since she has been with the department. She expressed concerns regarding Florence Four and their financial standing. She expressed that state law requires all schools to submit their audits from the previous school year no later than December 1, 2016, stating that the department knew that this may pose a problem for Florence Four upon the discovery that the district was using a different software system than other schools in the state. Based upon this fact, the department gave mercy to Florence Four on the deadline allowing them a few extra weeks to work on their audit. Superintendent Spearman stated that the department has been in contact with the company that is in charge of the audit; and to date, they have not been able to begin the audit due to lack of documentation that they can find for previous years. Superintendent Spearman stated that this is a very serious concern, and stressed that this was an issue that was present prior to Dr. Jefferson and the SCDE’s arrival, stating that our responsibility on this matter is very high. Superintendent Spearman stated further that if the audit has not been completed by the February Board meeting, the SCDE will need to take a very serious look at the status of the district. Superintendent Spearman explained further that this is one of the areas that could potentially call for a State of Emergency which would require additional involvement from the State Board. Superintendent Spearman stated that this is a Federal and state compliance issue not an instructional issue. She assured that the SCDE is monitoring this matter closely.
Chair Randolph recognized Ms. Prevatt who provided an update on the progress of John de la Howe. She stated that since the December meeting there hasn’t been activity on her part with the exception of her writing the Defined Minimum Program information that needs to be circulated to the appropriate staff within the SCDE. Ms. Prevatt stated that she was aware that John de la Howe staff had information to provide to the board regarding the RFP to report thereby deferring to Dr. Webb. Ms. Barbara Devinney reported in Dr. Webb’s absence that on December 30, 2016, the State Procurement Office released the Request for Proposal for a child service provider to serve the students on the John de la Howe campus with an independent living program for older youth that are aging out of the foster care system, Department of Juvenile Justice (DJJ) or have any other residential placement issues that is impeding the progress of their education. Ms. Devinney stated that the deadline for this proposal submission is February 3, 2017.
