Parent Consent Form College Entrance Assessments

Dear Parents or Guardians,

Your 11th grade student has the opportunity to take either the ACT® or the SAT® one time at no cost, paid for by the state. The ACT and the SAT are college entrance exams used by some colleges and universities in admitting students.

Taking either test is optional. These tests will be administered during the school day. In order for students to be best prepared to take the ACT, the test company recommends that students test during their junior year in their spring semester as they would have completed most of the coursework that is reflected on the ACT test. There is not a list of courses to be enrolled in or have completed before taking the SAT, but the test company recommends that students be juniors in their spring semester. These college readiness assessments should be discussed during the student's annual Individual Graduation Plan (IGP) meeting.

If your student does not take the ACT or SAT during the 11th grade, if state funds are available, the student can take one of these tests in 12th grade, at no cost, paid by the state.

If you feel your student is prepared and want your 11th grader to take either the ACT or the SAT at no charge, please place a check mark in the box beside your choice, and return this form to your student's school. If you do not want your 11th grader to take either exam, please place a check mark in the third box.

Check Only One	College Entrance Assessments
	ACT - I want my son/daughter to take the ACT for free.
	SAT - I want my son/daughter to take the SAT for free.
	We are not interested in participating in one of these tests at this time.
