Pre-registration required; each session is capped at 30 participants.

All registrations close 1-week prior to the training session or once it reaches capacity*.

These trainings are for **NEW** teachers/ test administrators. All training will be provided virtually and will last 2 hours. Test Security will also be included in the content of the training.

Participants will need to have access to a testing kit. Each training day has both a literacy session and a numeracy session offered. If a participant needs to attend both training courses, they must register for each session separately, but it does not need to be on the same day. Participants can also register for either literacy or numeracy if both sessions are not needed.

Districts are still able to train new and returning teachers using resources found on the state landing page: <https://www.renaissance-u.com/#/login>
