Agreement to Maintain Test Security and Confidentiality for District Test Coordinators and School Test Coordinators

Test security is essential to obtain reliable and valid scores for accountability purposes. Accordingly, the South Carolina Department of Education (SCDE) must take every step to assure the security and confidentiality of the state test materials. District Test Coordinators (DTCs) and School Test Coordinators (STCs) must provide appropriate training for all personnel involved in testing so that they have a common understanding of test security and appropriate testing practices.

The test administration manuals (TAMs) for each assessment program provide detailed test security information and administration guidelines. Test administration manuals and/or other appropriate instructions must be distributed to testing personnel at least two weeks prior to the testing window so that STCs, Test Administrators (TAs), and monitors will have the opportunity to read the TAM for the assessment and become familiar with test security laws, regulations, and procedures, as well as their responsibilities within the classroom.

DTCs must review test security policies and procedures with the STCs and require them to read all appropriate materials and documents provided to them. DTCs and/or STCs must review test security policies and procedures with all TAs, monitors, and any other personnel in the school who will be handling test materials. STCs must require TAs and monitors to read all sections of the TAM and all appropriate materials and documents provided to them.
