Agreement to Maintain Test Security and Confidentiality for Testing Monitors

Test security is essential to obtain reliable and valid scores for accountability purposes. Accordingly, the South Carolina Department of Education (SCDE) must take every step to assure the security and confidentiality of the state test materials. District Test Coordinators (DTCs) and School Test Coordinators (STCs) must provide appropriate training for all personnel involved in testing so that they have a common understanding of test security and appropriate testing practices.

The test administration manual (TAM) for each assessment program provides detailed test security information and administration guidelines. Test administration manuals and/or other appropriate instructions must be distributed to monitors two weeks prior to the testing window so that they have to opportunity to read the TAM and become familiar with test security laws, regulations, and procedures, as well as their responsibilities within the classroom.

DTCs and/or STCs must review test security policies and procedures with monitors and require monitors to read all sections of the TAM and other appropriate materials and documents provided to them.
